## Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions

### Deconcentration Policy:

If, at annual review, there are found to be development(s) with average income above or below the Established Income Range (EIR), and where the income profile for a general occupancy development above or below the EIR is not explained or justified in FH Plan, the FH shall adhere to the following policy for deconcentration of poverty and income mixing in applicable developments.

Skipping a family on the interest list to reach another family in an effort to further the goals of FH's deconcentration policy:

If a unit becomes available at a development below the EIR, the first eligible family on the interest list with income above the EIR will be offered the unit. If that family refuses the unit, the next eligible family on the waiting list with income above the EIR will be offered the unit. The process will continue in this order. For the available unit at the development below the EIR, if there is no family on the waiting list with income above the EIR, or no family with income above the EIR accepts the offer, then the unit will be offered to the next family regardless of income.

If a unit becomes available at a development above the EIR, the first eligible family on the interest list with income below the EIR will be offered the unit. If that family refuses the unit, the next eligible family on the waiting list with income below the EIR will be offered the unit. The process will continue in this order. For the available unit at the development above the EIR, if there is no family on the waiting list with income below the EIR, or no family with income below the EIR accepts the offer, then the unit will be offered to the next family regardless of income.

Skipping of families for deconcentration purposes will be applied uniformly to all families.

A family has the sole discretion whether to accept an offer of a unit made under the FH's deconcentration policy. FH shall not take any adverse action toward any eligible family for choosing not to accept an offer of a unit under this deconcentration policy. However, FH shall uniformly limit the number of offers received by applicants, described in this Chapter.

If the average incomes of all general occupancy developments are within the Established Income Range, FH will be considered to be in compliance with the deconcentration agreement.

Nothing in the deconcentration policy relieves FH of the obligation to meet the income targeting requirements.

### **Homeownership Program:**

The Homeownership Opportunities Program (HOP), originally implemented in 1985 and operating under Section 5(h) regulations, is organized much like a lease option-to-buy. HOP has the objective of allowing a family ownership of a home owned by the agency and designated for sale. Market changes over the years have impacted the process of selling the properties. Currently, there are 2 homes remaining under this program, which have previously been approved for disposition under application DDA0001894.

HACF intends to submit a homeownership plan to HUD to conform to Section 32 of the U.S. Housing Act of 1937. This Section 32 homeownership program will replace the existing Section 5(h) program. Attached is the Section 32 term sheet and associated documents. Staff will continue to work with participating families to attain homeownership.

Below are the remaining homes currently under 5(h) regulations to be converted to Section 32:

- 1702 S. Recreation, Fresno, CA 93702
- 4524 E. Grove St, Fresno, CA 93725

Ownership Interest means that the FH or its officers, employees, or agents are in an entity that holds any such direct or indirect interest in the building(s) and/or real property, including, but not limited to an interest as: titleholder; lessee; a stockholder; a member, or general or limited partner; or a member of a limited liability corporation or limited partnership. Projects selected with this exemption method will typically include planning rehabilitation or construction on the project with a minimum of \$40,000 per unit in hard costs. However, this minimum per unit cost would not be applicable in a situation where the FH is replacing a public housing property(ies) or site(s) with existing housing owned or controlled by the FH.

Statement of how project basing would be consistent with our PHA Plan:

As the Agency strives to provide housing opportunities for individuals and families in need throughout the City of Fresno, especially those who are most vulnerable, project based vouchers (PBV's) are an essential resource. To date, two projects are under consideration targeting persons with very-low incomes, generally below 30-40% of the area median income. Projects were selected in accordance with HUD Title 24 Part 983.51 and HACCFs Administrative Plan. Selected projects have demonstrated a need for rent subsidy in order to help offset basic operating costs and allow for the projects' financial feasibility.

DRAFT

## Attachment 3 – Mission & Goals

To move our vision forward over the past five years, Fresno Housing has focused on four broad strategic areas, which support the organization’s mission: to create vibrant communities throughout Fresno County through quality housing (place), engaged residents (people), broad support (public), and effective collaboration (partnership). To accomplish our mission, the Fresno Housing Authority will focus on four primary strategies:

- Develop and maintain quality affordable housing for low-income residents throughout Fresno,
- Design, implement, and sustain exceptional programs that invest in residents and program participants to become self-sufficient through an array of educational, economic and health-related platforms,
- Lead, encourage, and build partnerships with local, regional and national organizations to promote policies that build community; that increase and enhance affordable housing option; and that provide programs that reflect and support the needs of housing participants,
- Generate public will to address the housing needs of low-income households in Fresno by contributing to effective national and statewide advocacy efforts and by leading local and regional programs that educate and encourage residents to have a voice in housing and civic issues.

Below is a summary of progress and accomplishments that Fresno Housing has made over the past year in relation to these goals.

### PLACE

Develop and expand the availability of quality affordable housing options throughout the city and county of Fresno by growing and preserving appropriate residential assets and increasing housing opportunities for low-income residents.

#### 2022 Progress Update:

1. Created a robust, balanced pipeline for development activities that appropriately responds to the needs of the low-income residents of Fresno County. When evaluating development opportunities, factor the following Board priorities:
  - a. Mixed income and mixed use housing that promotes economically diverse neighborhoods and accommodates projected growth
  - b. A balance of new construction and renovation
  - c. Create community infrastructure, including community buildings, resource centers, and EnVision Centers if viable
  - d. Invest in existing and new neighborhoods
  - e. Rural communities, with limited economic catalysts

- f. Prudent, financial transactions that promote long-term financial stability for the Agency; including, but not limited to utilizing innovative tools that could include tax credits, opportunity zones, and new avenues for state funding
  - g. Collaboration with CDC's, non-profits, faith-based and other neighborhood groups
  - h. Require thoughtful design that encourages healthy living for families
  - i. Promote the reduction of water and energy consumption at properties
2. Support efforts to reduce homelessness across the community. The Agency has utilized various resources, including local, state, and federal funding to provide both interim and permanent housing for persons experiencing homelessness.

**2022 Progress Update:**

Utilizing state Homekey funding, the Agency has provided over 400 beds of emergency shelter and transitional housing for both individuals and families with children; utilizing federal resources, 298 Emergency Housing Vouchers – an HCV program specifically for those experiencing homelessness through leadership within the Fresno Madera Continuum of Care – a Consortium of agencies and advocates concerned with homelessness.

3. Consider how to best partner with the Southwest Fresno community regarding neighborhood development and investment.

**2022 Progress Update:**

The Agency was awarded the U.S. Department of Housing and Urban Development's (HUD) Choice Neighborhoods Planning Grant for the area of Southwest Fresno and are utilizing the funds to help transform Southwest Fresno into mixed-income communities with high quality affordable housing, safe streets, and quality educational opportunities.

4. Collaborate with property owners, neighborhood groups, Community Development Corporations (CDCs), and other partners to enhance the quality of rental stock across the county and provide a greater range of options for residents with vouchers. Programs should focus on property owner outreach, support and education, in addition to targeting housing options in areas of opportunity.

**2022 Progress Update:**

The Agency's Housing Choice Department has held several meet and greets with non-participating owners/landlords throughout the year to educate them on establishing initial rents, tenant selection, how to become participating landlord, and addressing their concerns regarding the voucher program. Much of the discussion also involved payment standards and determining reasonable rents. The Agency was approved to use waivers through the end of 2023 that will allow payment standards to be set at 120% of FMR, and to apply the most current payment standard at any time, rather than applying the most current payment standards at the next scheduled annual

reexamination. In addition, SAFMRs have been established in sixteen (16) zip code areas. Ninety-eight new landlords are now accepting vouchers since the implementation of SAFMRs beginning October 1, 2022.

5. Support efforts outlined in the DRIVE initiative. Specifically, the Permanent Affordable Housing mission, which includes the goal to overcome barriers to equitable, affordable housing by creating, renovating, and ensuring sustainable access to high-quality, affordable housing units and vouchers through a combination of innovative financing tools and supports.

**2022 Progress Update:**

The new C.E.O., Tyrone Roderick Williams, now serves on D.R.I.V.E.'s executive committee. As a member of the committee, Mr. Williams has been a part of an initiative to expand the membership of the community to foster participation for those who have lived experiences and are frontline community members most impacted by economic inequities and racial disparities. Our agency was a part of a recruitment process to engage with our residents to be a part of the executive committee. We were thrilled to not only be a part of the expansion of the committee to advocate for those with lived experiences from often marginalized communities who also have barriers in permanent housing. We assisted in the recruitment of 21 additional members of the executive team who were advocates and those with lived experience.

6. Work towards incorporating diversity, equity and inclusion in the workforce, workplace, and marketplace. The Agency hopes to bring engagement from people of all diverse perspectives, identities, and life experiences. One of the Agency's goals is to engage and encounter people in a welcoming environment where belonging, inclusivity, and equity are part of the broader scope of diversity that elevates the Fresno Community. The mission of the Fresno Housing Authority is to promote equity excellence through:
  - a. Increasing the power and influence of diversity through an increase in representation of multiple dimensions of diversity across the agency's **workforce**.
  - b. Elevate the importance of Fresno Housing's **workplace** culture of inclusion and belonging through intentional metrics of accountability.
  - c. Use diversity, equity, and equity progress and outcomes to impact and support vibrant communities throughout Fresno County's **marketplace**.

**2022 Progress Update:**

The Agency adopted the Diversity, Equity, and Inclusion Strategic Plan in January of 2021 after a complete DEI assessment, which consisted of meeting with a broad spectrum of focus groups. The board approved the job description for the Chief of Diversity, Equity, and Inclusion (DEI) in April 2021. From a Board level, the Chief Diversity Officer hosted the first Diversity, Equity, and

Inclusion public and community workshop. This workshop detailed the strategic direction and framework of diversity, equity, and inclusion initiatives that impact internal constituents and external partners. Regarding increasing the power and influence of increased representation, our executive recruitment initiatives yielded three national searches throughout leadership at the agency. Throughout the year, Fresno Housing hired their first Black Chief Executive Officer, and additionally for two new executive level positions as the Deputy Executive Director and Chief Housing Choice Voucher that supports our population as we are a women-led agency. Our organization also worked on an initial succession plan, reclassification, and promotional opportunities, explicitly responding to staff and workforce who have also expressed a need to be more engaged, involved, and given access to opportunities for growth. With the partnership of the new led Human Resource Department, our agency created a 2021-2022 Diversity, Equity, and Inclusion Training curriculum where we highlighted the broad scope of dimensions of diversity ranging from Racial Equity, Accessibility and Disability Supportive Initiatives, LGBTQIA+ Safe Zone Training and supportive policies. Through Supplier Diversity Initiatives, we also engaged in robust policy overview and collaborative efforts with business owners to highlight inclusion.

## PEOPLE

Respect community needs and knowledge – by listening, learning, and researching – and respond to issues compassionately, intelligently, and intentionally – by developing exceptional programs based on shared experiences.

1. Create and promote resident experiences that influence key outcomes around health, wage progression, and education. Share outcomes with the Boards and others on a quarterly basis to increase awareness of the positive impacts of quality housing.
2. Create opportunities to promote upward economic mobility and wage progression using data, policy updates and refined systems of support for residents. Develop a specific pilot program encompassing some of the following areas: resident mobility, wage progression/section 3, and home ownership.
3. Consider expanding engagement with residents by utilizing neighborhood conversation pilots to promote involvement and opportunities for resident leadership.
4. Establish policies and practices that reduce the likelihood of crime and promote resident safety.

### **2022 Progress Update (Summary 'People' 1-4 above):**

- In 2022, Property Management and Resident Empowerment implemented two major initiatives to promote wage progression and upward mobility by providing direct career opportunities. The first

initiative is an extension of HUD's Resident Contractor Program where Public Housing residents are hired on a stipend basis to assist with clerical or janitorial work. Here at Fresno Housing, we have expanded the available positions to include community level projects with Property Management ranging from customer service opportunities to working to monitor facilities such as overseeing community computer labs. Resident participation results in work experience that can be listed on their resumes. The agency also collaborated with Fresno's Career Nexus training institute to provide career initiative training and provided paid internships within Fresno Housing ranging from IT, Resident Empowerment and Services, Housing Choice Voucher, and Accounting and Finance. These internships move beyond clerical and give real world, career building skills so that our residents are given deep knowledge and training in these fields to launch their careers and be competitive in the job market.

- Health was also at the core of our programmatic focus in Resident Empowerment (Resident Services). We collaborated with The American Heart Association through the "Empowered to Serve" 12-week health program covering preventative health warnings for heart attack, controlling blood pressure, spot a stroke, getting active and more. The program provided the opportunity for a FH resident to get trained for facilitating the program which was centered on a peer to peer education approach. A total of 31 of our residents successfully completed the program.
- Fresno Housing's 2022 Safety Study and Implementation Initiatives included additional policies and practices that reduced the likelihood of crime and promoted resident safety. The study partners include the Central Valley Health Policy Institute at Fresno State (CVHPI), Central Valley Housing Data Repository Project (CVHDR) Faculty, Faith in the Valley, and the Fresno Housing Resident Empowerment and Property Management Departments. CVHPI has done numerous community engagement projects for systems and has a track record of providing data that bridges the gaps in understanding between community needs and systemic approaches.
- The CVHPI/CVHDR investigators partnered with the Fresno Housing Agency to understand through the use of surveys and focus groups how residents perceive police presence in their community, how they define safety and safe communities, and how they would like to be further engaged in conversations about issues of safety and quality of life. Through a mixed methods approach, with a target of 260 completed surveys to reach saturation from our residents, we received over 400 individual responses. Our survey results yielded robust conversations about engagement with police and patrol and response, understanding our resident's definition and perspective of safety, reimagining safety in public housing spaces, the need for community engagement and structural safety initiatives ranging from lighting, walkways, cameras, gates, speedbumps, guests and stray animals.
- Due to our residents' feedback, with our board's support, Fresno Housing implemented major camera and lighting updates for more than 14 city and county properties that would begin in 2022-2024. Additionally, Resident Empowerment (Resident Services) and Property Management created

and implemented City and County Neighborhood watch meetings and programs at more than 15 city and countywide properties.

- Our work with Safety was recognized nation-wide through a major grant called the Summer of Healing Grant. The Summer of Healing grant supported the Safety initiative by developing a safety coalition led by residents to work collaboratively in addressing safety needs and coordinating engagement activities. Because of these efforts, we hosted three events that focused on Community Safety providing residents the opportunity to receive resources offered in the community. Several partners attended the events including Fresno Police Department, Fresno Economic Commission, Fresno Street Saints, Centro LaFamilia and more. Resident enjoyed food, giveaways and the opportunity to engage with each other.

The first initiative is an extension of HUD's Resident Contractor Program where Public Housing residents are hired on a stipend basis to assist with clerical or janitorial work. Here at Fresno Housing, we have expanded the available positions to include community level projects with Property Management ranging from customer service opportunities to working to monitor facilities such as overseeing community computer labs. Resident participation results in work experience that can be listed on their resumes. The agency also collaborated with Fresno's Career Nexus training institute to provide career initiative training and provided paid internships within Fresno Housing ranging from IT, Resident Empowerment and Services, Housing Choice Voucher, and Accounting and Finance. These internships move beyond clerical and give real world, career building skills so that our residents are given deep knowledge and training in these fields to launch their careers and be complete in the job market.
