Board of Commissioners Housing Authority of Fresno County Fresno, California

Independent Auditor's Report

Report on the Financial Statements

We have audited the accompanying financial statements of the Housing Authority of Fresno County, California, and its discretely presented component unit, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Kerman Acre, LP, a discretely presented component unit, which represents 5.1 percent, (3.7) percent, and 0.2 percent, respectively, of the assets, net position and revenue of the Agency. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for that discretely presented component unit, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the Housing Authority of Fresno County, California, and its discretely presented component unit, as of December 31, 2015, and the changes in financial position and, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described further in note 15 to the financial statements, during the year ended December 31, 2015 the entity implemented Governmental Accounting Standards Board (GASB) Statement No. 68. The financial statements also reflect other certain prior period adjustment as described further in Note 21 to the financial statements. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, the schedule of changes in net pension liability and related ratios, and the schedule of plan contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Housing Authority of Fresno County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and is not a required part of the financial statements. The accompanying financial data schedule is presented for purposes of additional analysis as required by Uniform Financial Reporting Standards issued by the U.S. Department of Housing and Urban Development, and is not a required part of the basic financial statements. Further, the Schedule of Actual Modernization Cost Certificates is presented for additional analyses in accordance with filing requirements with the U.S. Department of Housing and Urban Development.

Board of Commissioners Housing Authority of Fresno County Page three

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 16, 2016 on our consideration of the Housing Authority of Fresno County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Housing Authority of Fresno County Management's Discussion and Analysis December 31, 2015

Introduction

This narrative overview and analysis of the Housing Authority of Fresno County's (the "Agency") performance through December 31, 2015 is provided as a supplement to the Agency's year-end financial statements. Please read it in conjunction with the basic financial statements and the notes to the basic financial statements.

As required under U.S. generally accepted accounting principles (GAAP), the Agency uses the accrual basis of accounting to prepare its basic financial statements. Under this basis of accounting, revenues are recognized in the period in which they are earned and expenses, including depreciation, are recognized in the period in which they are incurred. GAAP also requires the inclusion of three basic financial statements: the statement of net position (the balance sheet); the statement of revenues, expenses and changes in net position (the income statement); and the statement of cash flows. All assets and liabilities associated with the operation of the Agency are included in the statement of net position. In addition, GAAP requires the inclusion of this management's discussion and analysis (MD&A) section as required supplementary information.

The management's discussion and analysis is presented in conformance with the Government Accounting Standards Board (GASB) financial reporting model as set forth in GASB Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis – for State and Local Governments, as amended by GASB Statement No. 37, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments: Omnibus.

Agency Overview

The Housing Authority of Fresno County was established in 1940 to provide affordable housing for low-income residents of the Fresno County, California. The Authority was founded under the Health and Safety Code of the State of California and the National Housing Act of 1937, and is governed by a seven-member Board of Commissioners appointed by the County's Board of Supervisors. The Agency's primary source of funding is from the federal Department of Housing and Urban Development (HUD). HUD has a direct responsibility for administering Housing Programs under the United States Housing Act of 1937.

The Agency's mission is to create and sustain vibrant communities throughout Fresno County. This mission is accomplished by administering a number of programs, including the Low Rent Public Housing Program and the Section 8 Housing Choice Voucher Program. The Agency has established various instrumentalities and affiliates to partner and develop housing opportunities

for over 50,000 of Fresno County's lowest-income families, elderly, Veterans, and persons with disabilities. As the County's largest provider of affordable housing, the Agency recognizes that it takes tremendous amount of support to help people make a home and engage residents in building vibrant communities.

Financial Reporting Entity

As required by generally accepted accounting principles, these financial statements present the Agency and any component units. A two-column approach has been used for the presentation of these financial statements. The first column represents the Agency and its operations, defined as the "Primary Government". The second column represents Kerman Acre, L.P., a discretely presented component unit. The following analysis reflects only the current activity of the Primary Government and does not include activities of the Kerman Acre, L.P. discrete component unit. For further detail on the activities of Kerman Acre, L.P., see the "Discrete Component Unit – Kerman Acre, L.P." note disclosure found in the Notes to the Basic Financial Statements. For additional information, the complete audited financial statements of Kerman Acre, L.P., when they become available, may be requested by writing to the Housing Authority of Fresno County, at P.O. Box 11985, Fresno, California, 93776-1985.

Significant Programs

Housing Choice Voucher. The Housing Choice Voucher program is designed to assist low-income families pay rent at an approved rental unit. Participants pay 30% of their adjusted gross income to the landlord for rent and the balance is paid by the Housing Assistance Payments (HAP) the Agency receives from HUD. Over 5,200 private owners of rental properties participate in the Housing Choice Voucher program, and the Agency has over 5,600 families participating in the program.

Low Rent Public Housing. The Agency's Public Housing Program includes approximately 760 public housing units scattered throughout Fresno County. Residents pay 30% of their adjusted gross income to the Agency as rent and HUD subsidizes the balance using a formula which HUD considers adequate to manage and maintain each property.

Public Housing Capital Fund. The Agency administers HUD's Capital Fund Program (CFP) which provides funding for modernization and improvement, new construction, and the development of public housing. Each year HUD establishes a new grant and publishes the amount awarded that can be expended over a period not to exceed four years.

Other Programs:

- CalHFA Section 8 New Construction
- USDA Farm Labor Housing
- Resident Opportunities and Self Sufficiency
- Affordable Housing
- Low-Income Housing Tax Credit
- Migrant Housing OMS/HCD
- Resident Services

Economic Factors Affecting the Agency's Future

The majority of the Agency's funding comes from the U.S. Department of Housing and Urban Development (HUD) in the form of Section 8 housing assistance payments, Public Housing operating subsidies, Capital Fund grants, and other smaller grants. Over the past several years, Congress and the federal government have continued to cut housing subsidies due to changes in budget priorities. These funding reductions continue to have an impact on the Agency's economic position because federal subsidies make up a majority of the Agency's revenue (85% of total operating revenue). In fiscal year 2015, the federal government operated under a Continuing Resolution that expired on December 11, 2014. On that date, the House then passed the Consolidated and Further Continuing Appropriations Act, 2015, to fund the federal government through October 2015. In anticipation of possible sequestration or a reduction in funding, the Authority placed in practice a plan to streamline Agency operations and reduce costs by eliminating non-essential expenditures. While a majority of the HUD funding was restored in 2015, there was, and still is, significant uncertainty about future funding levels. The Agency continues to explore alternative funding options to lessen our federal dependency through development activities and pursuit of other grants; however, HUD will most likely continue to be a major funding source over the foreseeable future.

The Agency has been swift to respond to changes in federal limitations, both programmatically and financially. We have responded by implementing changes designed to reduce costs with the least effect on services. We have been adamant that despite funding cuts, we would continue to maintain housing for existing residents and voucher participants, and in some cases, possibly serve more low-income clients. The Agency has implemented several measures to reduce staffing costs by changing our business practices to gain efficiencies while minimizing reductions in services. As a result, the Agency is better poised to weather additional funding cuts without further capacity reductions.

As we look forward, the near-term forecast for low-income housing programs continues to be unchanged, requiring the Agency to operate with less federal funding while continuing to provide high quality, affordable housing that promotes safe and vibrant communities. While the partial return to normalcy in federal budget and appropriation levels was welcome, it will be short-term unless Congress acts to again moderate the impact of sequestration cuts. With the change in the composition of Congress where Republicans hold a majority in both Houses in 2015, it is unlikely that sequestration will be abandoned all together. More than likely, reductions in non-defense discretionary funding will accelerate in the Republican House and Senate plans that call for further reducing the deficit, and balancing the budget. While the federal budget prospects are uncertain and generally negative for future discretionary domestic spending, including housing programs, politics of both Presidential and Congressional elections in 2016 will ultimately dictate the outcomes for the Federal Budget decisions over the next four years.

While we acknowledge the aforementioned challenges and face these political and economic realities head-on, we remain committed more than ever to our mission of creating and sustaining vibrant communities across Fresno County. Our strategy for accomplishing this includes: developing and maintaining quality affordable housing for low-income individuals throughout the City and County of Fresno; implementing exceptional programs that invest in our residents;

encouraging partnerships with local, regional and national organizations to build the Fresno community; and generating public will to address the housing needs of low-income individuals. We are confident our strategy will allow us to attain these goals and strengthen the Agency's ability to address the housing and quality-of-life challenges facing Fresno, both now and in the future.

Overview of the Basic Financial Statements

The Agency's Basic Financial Statements consist of the following:

- Financial Statements, including:
 - Statement of Net Position:
 - Statement of Revenues, Expenses and Changes in Net Position, and;
 - Statement of Cash Flows.
- Notes to the Basic Financial Statements
- Supplemental Information

The Agency, like other governmental and quasi-governmental entities, uses fund accounting to ensure and demonstrate compliance with funding-related requirements. The funds are combined in a Proprietary Fund, which is a single "enterprise fund" with "business-type" activities intended to recover all or a portion of their costs through fees and charges for services. The Proprietary Fund presents the activities of the Agency as a whole.

The specific financial activities of the Agency have been presented within the following:

- The Statement of Net Position includes all of the Agency's assets and liabilities, with the difference between the two reported as the net position. Assets and liabilities are presented in the order of liquidity and are classified as "current" (convertible to cash within one year) and "non-current". This statement also provides a basis of measuring the liquidity and financial flexibility of the Agency. Over time, increases or decreases in net position will serve as a useful indicator of whether the Agency's financial health is improving or deteriorating.
- The Statement of Revenues, Expenses, and Changes in Net Position reports the Agency's revenues by source and its expenses by category to substantiate the changes in net position for the year. This statement measures the success of the Agency's operations over the past year.
- The Statement of Cash Flows reports how the Agency's cash was provided and used during the year. It also provides information about the Agency's operating, investing, and financing activities, and can be used to reconcile cash balances at December 31, 2015 and 2014. Fundamentally, this statement shows where cash came from, how cash was used, and what the change in cash was during the year.
- The Notes to Basic Financial Statements provides additional information that is integral
 to a full understanding of the Basic Financial Statements. The Notes to the Basic Financial
 Statements can be found in this report after the Basic Financial Statements.
- Supplemental Information includes the Schedule of Expenditures of Federal Awards, presented for purposes of additional analysis as required by U.S. Office of Management

and Budget 2 CFR 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). It also includes the Financial Data Schedules, which are submitted to HUD's Real Estate Assessment Center (REAC) online system.

Financial Analysis

Statement of Net Position

The purpose of the statement of net position is to give the financial statement readers a snapshot of the fiscal condition of the Agency at a certain point in time. It presents end of the year data for assets, liabilities and net position (assets minus liabilities).

Statement of Net Position is summarized in the table below:

			Increase/	
<u>ASSETS</u>	2015	2014	(Decrease)	% Change
Current assets	4,403,711	4,297,435	106,276	3%

Unrestricted	25,521,478	28,121,466	(2,599,988)	-9%
Total Net Position	38,732,111	42,953,503	(4,221,392)	-10%
Total Liabilities and Net Position	\$ 50,873,812	\$ 47,451,717	3,422,095	7%

Total assets of the Agency at December 31, 2015 and 2014 amounted to \$50.9 million and \$47.5 million, respectively. The significant components of current assets are cash, short-term investments, and receivables from tenants and related parties. Restricted assets are cash and investments that are restricted for explicit purposes, such as federal programs or project-specific reserves. Capital assets include land, land improvements, leasehold improvements, structures,

construction in progress, and equipment. All capital assets except for land and construction in progress are shown net of accumulated depreciation. Other assets include long-term notes receivables, interest receivable, assets held for sale and investments in joint ventures. The principal changes in assets from December 31, 2014 to December 31, 2015 were increases in current assets, specifically in interest receivable, due from other governments and assets held for sale. The changes in interest receivable are attributable to increases in loan activity to related parties. The amount due from other governments includes grant funds from local partners that weren't received by December 31, 2015, but will be received in 2016.

Total liabilities of the Agency were \$12.1 million and \$4.5 million at December 31, 2015 and 2014, respectively. Current liabilities include short-term accounts payable, accrued liabilities, current portions of long-term debt, and unearned revenue. Non-current liabilities are primarily made up of the long-term portion of notes and interest payable. Non-current liabilities increased from \$2.5 million in 2014 to \$7.7 million in 2015 due to the new GASB 68 requirements around the accounting and reporting of pension liabilities and AHP Loans passed through to related parties. Due to these new requirements, the Agency added a \$3.9 million liability to the balance sheet. This liability represents the difference between the Agency's total pension liability and the current plan assets calculated at fair value. See Note 15 in the Notes to the Basic Financial Statements for more information.

Net position represents the Agency's equity, a portion of which is restricted for certain uses. Net position is divided into the following three categories:

- Invested in capital assets: Amounts on this line are the Agency's equity in land, structures, construction in progress, and equipment, net of related capital debt outstanding and accumulated depreciation.
- Restricted net position: These are assets subject to external limitations, and can be based on use, purpose, and/or time.
- **Unrestricted net position:** These resources are available for any use that is lawful and prudent based on the Agency's stated mission, and/or strategic plans.

The Agency's net position decreased by 10% during the year from \$43 million in 2014 to \$38.7 million in 2015. The decrease in net position represents an increase in long-term liabilities, which are mostly attributable to the new GASB 68 requirements initiated in 2015.

Statement of Revenues, Expenses and Changes in Net Position

The purpose of the statement of revenues, expenses, and changes in net position is to present the operating and non-operating revenues earned by the Agency, the operating and non-operating expenses incurred, and other gains or losses of the Agency. This statement presents a glimpse into the financial activity that occurred from January 1, 2015 to December 31, 2015.

Operating revenues are the amounts received for providing housing services. This revenue can either come from tenants as rental payments, subsidy from the U.S. Department of Housing and Urban Development (HUD), Developer Fees for development activities, or as grant revenue from another funding source. Non-operating revenues/expenses are earned/incurred when goods or services are not a part of normal business activity, for example, interest income or interest expense.

Operating expenses are those costs incurred to maintain the housing units or to provide other services to our clientele. Capital contributions represent revenues earned from HUD for public housing capital repairs and rehabilitation.

Statement of Revenues, Expenses and Changes in Net Position is summarized in the following table:

The preceding Statement of Revenues, Expenses and Changes in Net Position reflects the year ended December 31, 2015 compared to the year ended December 31, 2014. Overall, operating revenues increased by 4%, or \$1.8 million, from 2014 to 2015; operating expenses increased by 6%, or \$2.9 million for the year; non-operating revenues increased by \$1.2 million from 2014 to 2015; and capital contributions increased by \$160 thousand from prior year. These changes lead to a decrease in Net Position of \$4.2 million from December 31, 2014 to December 31, 2015. Explanations of the primary reasons for these changes are as follows:

- The primary reasons for the increase in operating revenue is additional governmental grant funding of approximately \$2.5 million.
- Operating expenses increased overall due to strategic investments in administrative costs, including personnel and software. Because of funding reductions in prior years, the Agency had not back-filled several positions across the Agency. Some key positions were added back in 2015 now that funding has stabilized. The Agency also began a strategic effort of upgrading the Agency's software systems in 2015, which will cost approximately \$2 million dollars over the course of three years. Additionally, the Agency increased its Housing Assistance Payments approximately \$1.2 million.

Capital Assets

The table below shows the Agency's capital assets, net of accumulated depreciation, at December 31, 2015 and December 31, 2014:

			Increas	se	
	2015	2014	(Decrea	se)	%
Land	\$ 1,449,424	\$ 1,449,424	\$	-	0%
Structures	9,195,691	7,171,710	2,02	23,981	28%
Equipment	566,615	504,037	ϵ	52,578	12%
Construction in progress	3,107,510	6,382,731	(3,27:	5,221)	-51%
Total capital assets, net	\$ 14,319,240	\$ 15,507,902	\$ (1,188	8,662)	-8%

Overall, the Agency's capital assets decreased by \$1.2 million during 2015, primarily resulting from depreciation exceeding capital additions in 2015. See Note 6 in the Notes to the Basic Financial Statements for more information.

Debt Administration

The table below shows the Agency's outstanding debt at December 31, 2015 and 2014. Short term borrowings include inter-fund loans between programs, between the City & County Housing Authorities, or between component units of the Agency. Notes payable- non-related parties include loans and mortgages with external entities. Notes payable- related parties includes loans from joint ventures and Agency-sponsored limited partnership.

			Increase	
_	2015	2014	(Decrease)	%
Short term borrowings (Inter-fund)	\$ 500,000	\$ 500,000	\$ -	0%
Notes payable- non-related parties	2,048,335	1,840,204	208,131	11%
Notes payable- related parties	3,397,637	1,149,212	2,248,425	196%
Total debt	\$ 5,945,972	\$ 3,489,416	\$ 2,456,556	70%

Most significantly, the Notes Payable-Related Parties increased by \$2.2 million during the year due to increased borrowing for our pre-development projects from \$0.3 million in 2014 to \$1.18 million in 2015. The agency also entered into a total of \$1.4 million of AHP loan passed through to related parties. See Note 6 for the Notes Receivable from related parties on AHP loans.

(1) Summary of Significant Accounting Policies

(A) General Purpose

The Housing Authority of Fresno County, California (the Agency) is responsible for the development and implementation of housing programs and activities for the County of Fresno, California. The Agency provides housing to families under a variety of programs including conventional Low Income Public Housing, Housing Choice Vouchers, Section 42 Low Income Housing, Tax Credits, Migrant Services, Farm Labor Housing, and others.

(B) Financial Reporting Entity

The Agency was established by a resolution of the Fresno County Board of Supervisors on February 5, 1946. The Agency is governed by a seven-member Board of Commissioners appointed by the County's Board of Supervisors, where five members are appointed to four year terms, and two members, also residents of the agency housing programs, are appointed to two year terms.

As required by generally accepted accounting principles, these financial statements present the Agency and any component units. A component unit is an entity for which the primary government is considered to be financially accountable.

- The primary government is considered to be financially accountable for an organization if it appoints a voting majority of that organization's governing body, and (1) if the primary government is able to impose its will on that organization or (2) there is a potential for that organization to provide specific financial benefits to or impose specific financial burdens on the primary government.
- The primary government may also be considered financially accountable for an organization if that organization is fiscally dependent on the primary government (i.e., the organization is unable to approve or modify its budget, levy taxes or set rates/charges, or issue bonded debt without approval from the primary government).
- In certain cases, other organizations are included as component units if the nature and significance of their relationship with the primary government are such that their exclusion would cause the primary government's financial statements to be misleading or incomplete, even though the primary government is not considered financially accountable for that organization under the criteria previously described. A legally separate, tax exempt organization is reported as a component unit if (1) the economic resources received or held by the organization are entirely or almost entirely for the direct benefit of the primary government or its constituents; (2) the primary government is entitled to or has the ability to otherwise access a majority of the economic resources received or held by the organization; and (3) the economic resources received or held by the organization are significant to the primary government.

Component units must be classified as either "blended" or "discrete" in the primary government's financial statements. A component unit is "blended" if the governing boards of the two organizations are substantially the same, or if the component unit provides services entirely or almost entirely to the primary government. Component units that do not meet either of these two criteria are considered "discrete" and are reported only in the government-wide financial statements.

A brief description of the Agency's discrete component unit is as follows:

Kerman Acre, L.P., a California Limited Partnership was created to develop Granada Commons utilizing a layered finance approach using Tax Credit Assistance Program funds, Capital Funds, HOME and other grant funds. The general partners of Kerman Acre, L.P., a California Limited Partnership, are Silvercrest Inc., a joint venture of the Agency, Better Opportunities Builder, Inc., a related party of the Agency and The Housing Authority of City of Fresno. The Agency acting as Co-General Partner holds a 51.00% equity interest in Kerman Acre, L.P. with the ability to significantly influence its operations and therefore has been included as a discrete component unit under the guidance of GASB Statement No. 61. Complete audited financial statements, when they become available, may be requested by writing to the Housing Authority of Fresno County, at P.O. Box 11985, Fresno, California 93776-1985.

(C) Basis of Presentation

The basic accounting and reporting entity is a "fund". A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts, recording resources, related liabilities, obligations, reserves and equities segregated for the purpose of carrying out specific activities or attaining certain objectives with special regulations, restrictions or limitations.

The Agency has chosen to report their activity as one fund. The Agency has no non-major funds. The fund of the Agency is considered to be an enterprise fund. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Enterprise funds are also used when the governing body has decided that periodic determination of revenues earned, expenses incurred, or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

(D) Measurement Focus/Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The Agency's operations are accounted for on an economic resources measurement focus using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recorded at the time liabilities are incurred.

When the Agency incurs an expense for which both restricted and unrestricted resources may be used, it is the Agency's policy to use restricted resources first and then unrestricted resources as needed.

(E) Cash and Cash Equivalents

For the purpose of the cash flows, the Agency considers all of their cash and investments, including restricted cash, to be cash and cash equivalents. The Agency considers all of their investments to be highly liquid and, therefore, cash equivalents.

(F) Assets Held for Sale

Several of the Agency's funds administer homeownership programs. Assets held for sale consist of housing units set aside by the Agency for these homeownership programs. These assets are recorded at the Agency's cost to purchase the property or upon entering into a contract for sale, the estimated realizable value, if lower. See note 7 for further discussion.

(G) Capital Assets

The Agency's Board of Commissioners adopted a current Fixed Asset Capitalization Policy in 2013. Capital assets are defined by the Agency as assets with an initial individual cost of \$5,000 or more and having an estimated useful life of greater than one year. All purchased capital assets are valued at historical cost. Contributed capital assets are recorded at fair market value at the time received. Interest expense incurred during the development period is capitalized.

Capital assets acquired for proprietary funds are capitalized in the respective funds to which they apply. Depreciation of exhaustible capital assets used by proprietary funds is charged as an expense against operations, and accumulated depreciation is reported on the proprietary funds balance sheet. Depreciation has been provided over the estimated useful lives using the straight-line method of depreciation. Buildings are being depreciated over a useful life of thirty years, modernization costs over ten years, and dwelling and other equipment over five years.

(H) Allowance for Doubtful Accounts

Accounts receivable are stated net of an allowance for doubtful accounts. The Agency estimates an allowance based on an analysis of specific tenants, and landlord participants taking into consideration past due accounts and an assessment of the debtor's general ability to pay.

(I) Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets, including the interest due on the borrowing (excluding Interfund borrowing). Net position is reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

(J) Operating Revenue and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the Agency, these revenues are typically rental charges and operating grants. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. All revenue and expenses not meeting these definitions are reported as non-operating revenue and expenses.

(K) Income Taxes

The Agency is exempt from Federal Income and California Franchise Taxes.

(L) Grant Restrictions

The Agency has received loans and grants from the U.S. Department of Housing and Urban Development, the U.S. Department of Agriculture, the California Housing Finance Agency, and the California Department of Housing and Community Development to build and improve housing projects. The grants require that only individuals and families that meet various income, age and employment standards be housed or aided.

Further, if the fund equity of the Agency's U.S. Department of Agriculture programs exceeds certain levels, the payments on these notes must be increased.

(M) Use of Estimates

The financial statements are prepared in conformity with accounting principles generally accepted in the United States of America, and accordingly, include amounts that are based on management's best estimates and judgments. Accordingly, actual results may differ from the estimates.

(N) Notes Receivable

The accompanying financial statements reflect the recording of certain notes receivable that represent loans made to various parties, including related parties. In certain cases, the amount of collection is dependent upon future residual receipts to be generated by the property or contingent upon the ability of the owner to sell the property at an amount sufficient to pay all liens against the property, including the obligation to the Agency. Where reasonably estimable, an allowance for doubtful accounts has been recorded to reflect management's best estimate of likely losses associated with non-repayment. An estimate of any additional potential losses associated with non-repayment cannot be reasonably estimated at this time.

(O) Defined Benefit Pension Plan

Pensions - For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by Fresno County Housing Authority. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date (VD) June 30, 2014 Measurement Date (MD) June 30, 2015

Measurement Period (MP) June 30, 2014 to June 30, 2015

(P) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until that time. The Agency has two items that qualifies for for reporting in this category. Deferred outflows- pension contributions and deferred outflows- actuarial. Both of these items relate to the recording of the pension liability.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Agency has one item that qualifies for reporting in this category. Deferred inflows- actuarial is the net difference between the projected and actual earnings on the Agency's pension plan investments

(2) Cash and Investments

Cash and investments held by the Agency at December 31, 2015 are classified as follows in the accompanying Statement of Net Position:

	Primary		Kerman Acre,			
	G	Government		LP.		
Cash and investments	\$	2,413,671	\$	65,360		
Restricted cash		3,602,376		43,607		
Total cash and investments	\$	6,016,047	\$	108,967		

Disclosure Related to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity its fair value will be to changes in market interest rates. In accordance with the Agency's Investment Policy, the Agency manages its exposure to interest rate risks by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Disclosures Related to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Although for the year ended December 31, 2015 the Agency did not maintain a significant equity position in investment pool activities, it is the policy of the Agency to invest only in highly rated securities to the extent practicable and where applicable by law.

Concentration of Credit Risk

The investment policy of the Agency contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer (other than external investment pools) that represent 5% or more of the Agency's total investments.

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the Agency's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires California banks and savings and loan associations to secure the Agency's deposits not covered by federal deposit insurance by pledging mortgages or government securities as collateral. The market value of mortgages must equal at least 150% of the face value of deposits. The market value of government securities must equal at least 110% of the face value of deposits. Such collateral must be held in the pledging bank's trust department in a separate depository in an account for the Agency.

The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (broker-dealer, etc) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the Agency's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF).

The Agency executed a "General Depository Agreement" with Bank of the West on September 23, 2009. This agreement states that "any portion of the PHA funds not insured by a Federal insurance organization shall be fully (100%) and continuously collateralized with specific and identifiable U.S. Government or Agency securities prescribed by HUD. Such securities shall be pledged and set aside in accordance with applicable law or Federal regulation."

As of December 31, 2015 \$97,338 of the Agency's deposits held with the California Housing Finance Agency (CHFA) were uncollateralized.

Equity in Investment Pool

The Agency's cash and investments are pooled with the Housing Authority of the City of Fresno's cash and investments. Income from the investment of the pooled cash is allocated to each Agency's funds on a monthly basis, based on the average monthly balance of the fund as a percent of the average monthly total pooled cash balance.

(3) Restricted Cash

Restricted cash consists of funds that cannot be disbursed by the Agency unless approval is obtained from another government agency, mortgagor, or restrictions are released.

Cash held by the California Housing Finance Agency (CHFA) can only be used for major repairs or insurance on the associated project, upon receipt of prior written approval from CHFA. Cash held for the replacement of the USDA projects and cannot be disbursed without the approval by the USDA Rural Economic and Community Development. Restricted cash held for tenant security deposits, Housing Assistance Payments, amounts restricted by the California Office of Migrant Services, and amounts restricted for FSS escrows. A schedule of all restricted cash is listed below.

(14) Deferred Compensation

The Agency offers its employees a deferred compensation plan created in accordance with Internal Revenue Code 457. The plan, available to all permanent employees, permits them to defer a portion of their current salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are held in trust for the exclusive benefit of participants and their beneficiaries.

The Agency maintains two plans which are administered by Mass Mutual and the California Public Employees' Retirement System. These funds are not recorded as assets of the Agency since they are held in trust for the exclusive benefit of participants and their beneficiaries and are not subject to claims of the Agency's general creditors.

(15) Defined Benefit Pension Plan

Plan Descriptions All qualified permanent and probationary employees are eligible to participate in the Local Government's Miscellaneous Plans, agent multiple-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and Local Government resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment.

Counts of members included in the valuation are counts of the records processed by the valuation. Multiple records may exist for those who have service in more than one valuation group. This does not result in double counting of liabilities.

Average Annual Benefits represents benefit amounts payable by this plan only. Some members may have service with another agency and would therefore have a larger total benefit than would be included as part of the average shown here.

Contribution Description

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended. It is the responsibility of the employer to make necessary accounting adjustments to reflect the impact due to any Employer-Paid Member Contributions or situations where members are paying a portion of the employer contribution.

For the measurement period ending June 30, 2015 (the measurement date), the average active employee contribution rate is 6.25 percent of annual pay, and the average employer's contribution rate is 8.701 percent of annual payroll. Employer contribution rates may change if plan contracts are amended. It is the responsibility of the employer to make necessary accounting adjustments to reflect the impact due to any Employer Paid Member Contributions or situations where members are paying a portion of the employer contribution.

Change of Assumptions

GASB 68, paragraph 68 states that the long long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.50 percent used for the June 30, 2014 measurement date was net of administrative expenses. The discount rate of 7.65 percent used for the June 30, 2015 measurement date is without reduction of pension plan administrative expense.

Discount Rate

The discount rate used to measure the total pension liability was 7.65 percent. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the

actuarially assumed discount rate. Based on the testing of the plans, the tests revealed the assets would not run out. Therefore, the current 7.65 percent discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.65 percent is applied to all plans in the Public Employees Retirement Fund. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS' website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and long-term market return expectations as well as the expected pension fund (Public Employees' Retirement Fund) cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. The target allocation shown was adopted by the Board effective on July 1, 2014.

Subsequent Events

There were no subsequent events that would materially affect the results presented in this disclosure.

Recognition of Gains and Losses

Under GASB 68, gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time.

The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense.

The amortization period differs depending on the source of the gain or loss:

Difference between projected and actual earnings on investments	5 year straight-line amortization
All other amounts	Straight-line amortization over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) as of the beginning of the measurement period

Expected Average Remaining Service Lifetime (EARSL)

The expected average remaining service lifetime (EARSL) is calculated by dividing the total future service years by the total number of plan participants (active, inactive, and retired). Note that inactive employees and retirees have remaining service lifetimes equal to 0. Also note that total future service is based on the members' probability of decrementing due to an event other than receiving a cash refund.

The EARSL for the Plan for the June 30, 2015 measurement date is 4.1 years, which was obtained by dividing the total service years of 1,169 (the sum of remaining service lifetimes of the active employees) by 285 (the total number of participants: active, inactive, and retired). Note that inactive employees and retirees have remaining service lifetimes equal to 0. Also note that total future service is based on the members' probability of decrementing due to an event other than receiving a cash refund.

Deferred Outflows and Deferred Inflows of Resources

As of June 30, 2015, the Housing Authority of Fresno County has deferred outflows and deferred inflows of resources related to pensions listed below.

Contributions subsequent to the measurement date are also shown as a Deferred Outflow of Resources.

	Deferred Outflows of Resources	Deferred inflows of Resources

Pension expense for the current year is \$1,864,382.

The \$289,451 in pension payments between June 30 and December 31, 2015, reported as deferred outflows of resources related to employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

(16) Insurance Coverage

HARRP

The Agency is a member of the Housing Authority Risk Retention Pool (HARRP). HARRP was established by public housing authorities participating in an intergovernmental cooperation agreement pursuant to specific statutes in Oregon, Washington, California and Nevada for the purpose of operating and maintaining a cooperative program of risk management and loss indemnification. HARRP offers property, general, automobile, fidelity, and officers' liability insurance to participants. Membership was comprised of 90 public housing authorities at December 31, 2015. The relationship between the Authorities and HARRP is such that HARRP is not a component unit of the Agency for financial reporting purposes.

The Agency paid premiums totaling approximately \$120,420 during the year ended December 31, 2015. The loss limits for the various types of insurance varied as follows: \$2,000,000 for property

with a deductible per occurrence of \$10,000; \$2,000,000 for general liability with no deductible; \$2,000,000 for automobile, including losses arising from the use of a non-owned covered automobile; \$100,000 for employee dishonesty and forgery and alteration with a \$1,000 deductible; \$10,000 for theft with a \$1,000 deductible; and \$2,000,000 for errors and omissions with a 10% co-pay.

This activity related to risk management is also accounted for in the Housing Self Insurance Corporation (HSIC), a joint venture of the Agency. HSIC records an expense when it pays for repairs to the Agency's properties when incurred. HSIC records revenue when it receives payment from the Agency for insurance premiums recorded as expense by the Agency.

California Housing Worker's Compensation Authority

The Agency is insured for workers' compensation claims by the California Housing Workers' Compensation Authority (CHWCA). Under this program, the pool provides up to \$550,000 workers' compensation coverage and \$550,000 employer's liability coverage. CHWCA also provides excess workers' compensation coverage with the following limits: The Authorities are insured for Statutory Workers' Compensation by the Safety National Casualty Corporation. The pool provides up to \$5,000,000 per occurrence.

(18) Other Related Parties

Better Opportunities Builders, Inc.

The Executive Director of the Agency serves as the Secretary-Treasurer of Better Opportunities Builders, Inc. (BOB). The Agency's Chief Financial Officer serves as the Chief Executive Officer of BOB. One of the Agency's Commissioners serves on the Board of Directors of BOB. The remaining Board of Directors selected by other affiliated agencies. BOB has agreed to be the managing general partner in several low income housing projects within the City of Fresno.

Housing Authority of the City of Fresno

The Housing Authority of the City of Fresno was established by a resolution of the Fresno City Council on March 14, 1940. The Authority is governed by a seven-member Board of Commissioners who are appointed to four year terms by the City Council, reports on a calendar year, and has issued separate financial and compliance audits for 2015. The County and City Housing Authorities operate and report separately while sharing the same management team and staff. All significant related party transactions have been appropriately identified in the accompanying financial statements.

The budget document for the jointly managed operations is approved by both Boards. If one Board amends budgetary data subject to its jurisdiction, executive staff of the Authorities amends the joint budget as necessary to accommodate such changes. Although each Board takes action to approve

its portion of the budget, the budget adoption process reflects considerable interplay between the two Boards and is essentially a single process managed by the shared management and staff of the two Authorities.

(19) Interfund and Interagency Activity

The following is a summary of changes in Interfund loans as of December 31, 2015:

	Balance 12/31/14	Additions	Deletions	Balance 12/31/15

The Authority has made Interfund loans. Interfund balances have been eliminated in the Statement of Net Position.

On May 28, 2008, the Authority approved a loan of \$500,000 from the Relinquished Fund to the Planning and Community Development Fund. This loan carries an interest rate of 3% per annum. The outstanding balance of the loan and accrued interest at December 31, 2015 is \$500,000 and \$95,885 respectively.

(20) Contingent Liabilities

Grants

The Agency has received funds from various federal, state, and local grant programs. It is possible that at some future date it may be determined that the Agency was not in compliance with applicable grant requirements. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although management does not expect such disallowed amounts, if any, to materially affect the financial statements.

Pending Litigation

In the normal course of operations, the Agency may become a defendant in various litigation disputes. In the opinion of management and counsel, the outcome of current litigation not already accrued as a liability, is not expected to materially or adversely affect the financial position of the Agency.

HUD Guaranteed Debt

In 1999, HUD directed the Agency to remove all HUD guaranteed debt from their financial statements. These HUD-guaranteed notes and bonds have not been forgiven by HUD. However, the Public Housing Programs' Annual Contributions Contract (ACC) states that all debt service requirements related to these notes are HUD's responsibility. It is therefore management's opinion,

that the Agency is not currently liable for these notes as long as the federal government continues to honor the ACC. Accordingly, the accompanying financial statements have not been adjusted to reflect any related loss contingency.

Pension Liability

The Agency is currently researching a potential liability for additional pension expense. Currently details are not clearly defined, and the range of exposure, if any, has not been determined.

(21) Prior Year Restatement

During the year ended December 31, 2015, the Agency made certain adjustments to beginning equity as a result of a change in accounting principles and correction of errors as follows:

Net Position at Beginning of Year, as Previously Reported	\$ 42,953,509
Adjustment to reflect pension liability as of the beginning of the year	
(implementation of GASB 68)	(2,989,368)

Other externally required reserves		2,103,733
Total	\$2	,889,384

(23) Discrete Component Unit – Kerman Acre, L.P.

A. Organization

Kerman Acre, L.P. (the "Partnership") is a California limited partnership between two general partners, Housing Authority of Fresno County (the "Co-General Partner") and Better Opportunities Builder, Inc. (the "Managing General Partner"); and one special limited partner Silvercrest, Inc. (the "Limited Partner"). The Partnership was formed for the purpose of developing and operating a 16-unit project located in Fresno, California known as Granada Commons Apartments (the "Project"). The Project qualifies for the federal low-income housing tax credit program as described in Internal Revenue Code Section 42.

The Project has qualified for and received, under the Tax Credit Assistance Program ("TCAP"), a loan from the California Tax Credit Allocation Committee ("TCAC") under the requirements of Section 1603 of the American Recovery and Reinvestment Act of 2009 ("ARRA"). Under the terms of the loan, the Project is to be operated as a low-income housing tax credit project pursuant to Internal Revenue Code Section 42 ("Section 42") which regulates the use of the Project as to occupant eligibility and unit gross rent, among other requirements. Each low-income unit of the Project must meet the provisions of the regulations during each of the 15 consecutive years in order to remain qualified to be entitled to the loan. In addition, Kerman Acre, LP, a California Limited Partnership has executed an extended Low-Income Housing Covenant for low-income housing which requires the utilization of the Project pursuant to Section 42 for a minimum of 30 years, even if disposition of the Project by the Partnership occurs.

Pursuant to the Amended and Restated Agreement of Limited Partnership dated March 16, 2010, (the "Partnership Agreement"), profits, losses and tax credits are allocated 51.00% to the Co-General Partner, 44.00% to the Managing General Partner and 5.00% to the Limited Partner. Pursuant to the terms of the Partnership Agreement, the Limited Partner is required to make capital contributions totaling \$100, the Co-General Partner is required to make capital contribution totaling \$800 and the Managing General Partner is required to make capital contributions totaling \$100.

Kerman Acre, LP

The Partnership entered into a TCAC loan agreement in an amount not to exceed \$2,202,168 for the purpose of developing the rental property. The funds are to be used solely for eligible costs per the loan agreement. The note is dated March 16, 2010 and bears no interest. The loan is secured deed of trust and matures on March 16, 2065. All outstanding principal payments are due at maturity. As of December 31, 2015, the outstanding principal balance was \$2,202,168.

The Partnership entered into a HOME loan agreement (the "HOME Loan") with the County of Fresno. The HOME Loan is in the amount of \$900,000 for the purpose of developing the Project and the loan bears no interest. The loan is secured by the deed of trust and matures on April 1, 2041. Payments are made from available cash flow as further defined in the Partnership Agreement. As of December 31, 2015, the outstanding principal balance was \$900,000.

D. Related party transactions

Property management fee

Pursuant to the property management agreement date October 13, 2010, (the "Property Management Agreement") with the Housing Authority of the Fresno County (the "Manager"), the Manager is to manage the operations of the Project. As defined in the Property Management Agreement, the property management fee is \$65.07 per unit per of month, excluding the manager's unit. For the year ended December 31, 2015, property management fees of \$10,111 were incurred.

Ground lease

Pursuant to the Ground Lease Agreement dated March 16, 2010, (the "Ground Lease"), the Partnership entered into a ground lease to pay the Managing General in the amount of \$10 per year plus additional rent as defined in the Ground Lease until the lease expires. In addition, the Partnership is obligated to pay all costs, expenses and obligations with respect to the property including property taxes, insurance, utilities operating costs and costs of maintenance. The lease term commenced on March 16, 2010 and

expires on February 28, 2066. For the year ended December 31, 2015, ground lease expense was \$10, and is included in general and administrative expenses on the statement of operations. As of December 31, 2015, there is no outstanding balance for the ground lease.

Co-General Partner Management Fee

Pursuant to the Partnership Agreement, the Partnership pays an annual partnership management fee of \$1,920, increased annually by 3%, to the Co-General Partner. The fee shall accrue, without interest, and shall be payable from available cash flow as further defined in the Partnership Agreement. For the years ended December 31, 2015, the partnership management fee with interest was \$2,161, and is included in general partner fees on the statement of revenues & expenses. As of December 31, 2015, the amount owed for Co-General Partner management fee was \$10,194 and is included in due to general partners on the Statement of Net Position.

Managing General Partner Management Fee

Pursuant to the Partnership Agreement, the Partnership pays an annual partnership management fee of \$19,200, increased annually by 3%, to the Managing General Partner. The fee shall accrue without interest and shall be payable from available cash flow as further defined in the Partnership Agreement. For the year ended December 31, 2015, the partnership management fee with interest was \$21,610 and is included in general partner fees on the statement of revenues & expenses. As of December 31, 2015, the amount owed for Managing General Partner management fee was \$101,935, and is included in due to general partners on the Statement of Net Position.

<u>Developer Fee Payable</u>

Pursuant to the Developer Agreement dated March 16, 2010 (the "Developer Agreement"), the Partnership agreed to pay the Limited Partner and Co-General partner (the "Developers"), a total development fee up to \$474,000 for services relating to the development of the Project. The fee shall be paid from available proceeds after certain milestones are achieved per the Developer Agreement, and the balance bears no interest. As of December 31, 2015 the amount owed was \$47,400.

Due to HACF

HACF advanced funds to the Partnership for various operational costs. The outstanding balance does not bear interest and is payable out of available Net Cash Flow, as defined in the Partnership Agreement. As of December 31, 2015, the outstanding amount owed to HACF was \$30,654.

Notes Payable – HAFC

On March 16, 2010, the Partnership entered into a Capital Fund Recovery Grant (the "CFRG") assistance loan agreement with HAFC in the amount not to exceed \$1,200,000 for the purpose of developing the rental property. The CFRG loan has been made available by the U.S. Department of Housing and Urban Development pursuant to the American Recovery and Reinvestment Act of 2009. Prior to the completion of construction, the note bore interest at 5%. Subsequent to the construction completion the note bears an interest of 7.5%. The CFRG loan is secured by the deed of trust on the property and matures on March 16, 2065. As the second priority loan, along with the fourth priority loan, payments are made in accordance with their respective balance from 79.8% of net cash flow per the Partnership Agreement. For the year ended December 31, 2015, interest expense was \$63,298. As

of December 31, 2015, the outstanding principal balance was \$678,835, with accrued interest of \$201,204.

Notes Payable – BOB

On March 16, 2010, the Partnership entered into a Rural Housing and Economic Development assistance loan agreement with Better Opportunities Builders, Inc. in the amount not to exceed \$147,238 for the purpose of developing the rental property. Prior to the completion of construction, the note bore interest at 5%. Subsequent to the completion of construction, the note bears interest at 7.5%. The loan is secured by the deed of trust and matures on March 16, 2065. As the fourth priority loan, along with the second priority loan (CFRG), payments are made in accordance with their respective balances from 79.8% of net cash flow per the Partnership Agreement. For the year ended December 31, 2015, interest expense was \$11,879. As of December 31, 2015, the outstanding principal balance was \$103,185, with accrued interest of \$61,980.

E. Low-income housing tax credits

The Partnership expects to generate an aggregate of \$1,000 of federal low-income housing tax credits ("Tax Credits"). Generally, such credits become available for use by its partner's pro-rata over a tenyear period, which began in 2011. The year in which the credit period begins is determined on a building-by-building basis within the Partnership. In order to qualify for these credits, the Project must comply with various federal and state requirements. These requirements include, but are not limited to, renting to low-income tenants at rental rates, which do not exceed specified percentages of area median gross income for the first 15 years of operation. The Partnership has also agreed to maintain and operate the Project as low-income housing for an additional 40 years beyond the initial 15-year compliance period. Because the Tax Credits are subject to compliance with certain requirements, there can be no assurance that the aggregate amount of Tax Credits will be realized and failure to meet all such requirements or to correct noncompliance within a specified time period may result in generating a lesser amount of Tax Credits than expected in future years, and/or recapture of Tax Credits previously allocated. A reduction of future credits or recapture would require credit deficit payments to the Limited Partner under the terms of the Partnership Agreement.

¹Covered-Employee Payroll presented above is based on pensionable earnings provided by the employer. However, GASB 68 defines covered-employee payroll as the total payroll of employees that are provided pensions through the pension plan. Accordingly, if pensionable earnings are different than total earnings for covered-employees, the employer should display in the disclosure footnotes the payroll based on total earnings for the covered group and recalculate the required payroll-related ratios.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Independent Auditor's Report

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Housing Authority of Fresno County, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated September 16, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is defined to be a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Commissioners Housing Authority of Fresno County Page Two

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance For Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Independent Auditor's Report

Report on Compliance for Each Major Program

We have audited the Housing Authority of Fresno County's (Agency) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Agency's major federal programs for the year ended December 31, 2015. The Agency's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Agency's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Agency's compliance.

Opinion on Each Major Federal Program

In our opinion, the Agency complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2015.

Board of Commissioners Housing Authority of Fresno County Page two

Report on Internal Control Over Compliance

Management of the Agency is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Agency's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the basic financial statements of the Agency as of and for the year ended December 31, 2015, and have issued our report thereon dated September 16, 2016. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

HOUSING AUTHORITY OF FRESNO COUNTY SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED DECEMBER 31, 2015

(1) Summary of Significant Accounting Policies Applicable to the Schedule of Expenditures of Federal Awards

(a) Scope of Presentation

The accompanying schedule presents only the expenditures incurred (and related awards received) by the Housing Authority of Fresno County (Authority) that are reimbursable under federal programs of federal agencies providing financial assistance. For the purposes of this schedule, financial assistance includes both federal financial assistance received directly from a federal agency, as well as federal funds received indirectly by the Authority from a non-federal agency or other organization. Only the portions of program expenditures reimbursable with such federal funds are reported in the accompanying schedule. Program expenditures in excess of the maximum federal reimbursement authorized or the portion of the program expenditures that were funded with state, local or other nonfederal funds are excluded from the accompanying schedule.

(b) <u>Basis of Accounting</u>

The expenditures included in the accompanying schedule were reported on a regulatory basis in accordance with the U.S. Department of Housing and Urban Development (HUD). Expenditures are recognized in the accounting period in which the related liability is incurred. Expenditures reported included any property or equipment acquisitions incurred under the federal program.

(c) <u>Sub-recipients</u>

During the fiscal year ended December 31, 2015 the Authority disbursed no federal funds to sub-recipients.

(d) <u>U.S. Department of Agriculture Notes</u>

The Authority entered into six notes with the United States Department of Agriculture Farmer Homes Administration under the Farm Labor Housing Union Loan program. In accordance with the notes the Authority used the funds for the acquisition and development of four multi-unit rental housing developments. The notes accrue interest at 1% per annum. The notes mature at various dates beginning on January 6, 2014 and ending on April 2, 2035. At December 31, 2015 the outstanding balance for all the notes is \$896,555.

HOUSING AUTHORITY OF FRESNO COUNTY SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED DECEMBER 31, 2015

Independent Auditor's Report

Report on the Financial Statements

We have audited the accompanying financial statements of the Housing Authority of the City of Fresno, California, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Commissioners Housing Authority of the City of Fresno Page two

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Housing Authority of the City of Fresno, California, as of December 31, 2015, and the changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described further in note 16 to the financial statements, during the year ended December 31, 2015 the entity implemented Governmental Accounting Standards Board (GASB) Statement No. 68. The financial statements also reflect other certain prior period adjustment as described further in Note 23 to the financial statements. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of changes in net pension liability and related ratios, and the schedule of plan contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that comprise the Housing Authority of the City of Fresno's basic financial statements. The accompanying schedule of expenditures of Federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and is not a required part of the financial statements. The accompanying financial data schedule is presented for purposes of additional analysis as required by Uniform Financial Reporting Standards issued by the U.S. Department of Housing and Urban Development, and is not a required part of the basic financial statements. Further, the Schedule of Actual Modernization Cost Certificates is presented for additional analyses in accordance with filing requirements with the U.S. Department of Housing and Urban Development.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 16, 2016 on our consideration of the Housing Authority of the City of Fresno's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority of the City of Fresno's internal control over financial reporting and compliance.

Housing Authority of the City of Fresno Management's Discussion and Analysis December 31, 2015

Introduction

This narrative overview and analysis of the Housing Authority of the City of Fresno's (the "Agency") performance through December 31, 2015 is provided as a supplement to the Agency's year-end financial statements. Please read it in conjunction with the basic financial statements and the notes to the basic financial statements.

As required under U.S. generally accepted accounting principles (GAAP), the Agency uses the accrual basis of accounting to prepare its basic financial statements. Under this basis of accounting, revenues are recognized in the period in which they are earned and expenses, including depreciation, are recognized in the period in which they are incurred. GAAP also requires the inclusion of three basic financial statements: the statement of net position (the balance sheet); the statement of revenues, expenses and changes in net position (the income statement); and the statement of cash flows. All assets and liabilities associated with the operation of the Agency are included in the statement of net position. In addition, GAAP requires the inclusion of this management's discussion and analysis (MD&A) section as required supplementary information.

The management's discussion and analysis is presented in conformance with the Government Accounting Standards Board (GASB) financial reporting model as set forth in GASB Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis – for State and Local Governments, as amended by GASB Statement No. 37, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments: Omnibus.

Agency Overview

The Housing Authority of the City of Fresno was established in 1940 to provide affordable housing for low-income residents of the City of Fresno, California. The Authority was founded under the Health and Safety Code of the State of California and the United States Housing Act of 1937, and is governed by a seven-member Board of Commissioners appointed by the Mayor the City of Fresno. The Agency's primary source of funding is from the federal Department of Housing and Urban Development (HUD). HUD has a direct responsibility for administering Housing Programs under the United States Housing Act of 1937.

The Agency's mission is to create and sustain vibrant communities throughout Fresno. This mission is accomplished by administering a number of programs, including the Low Rent Public

Housing Program and the Section 8 Housing Choice Voucher Program. The Agency has established various instrumentalities and affiliates to partner and develop housing opportunities for over 50,000 of Fresno's lowest-income families, elderly, Veterans, and persons with disabilities. As the City's largest provider of affordable housing, the Agency recognizes that it takes tremendous amount of support to help people make a home and engage residents in building vibrant communities.

Significant Programs

Housing Choice Voucher. The Housing Choice Voucher program is designed to assist low-income families pay rent at an approved rental unit. Participants pay 30% of their adjusted gross income to the landlord for rent and the balance is paid by the Housing Assistance Payments (HAP) the Agency receives from HUD. Over 5,900 private owners of rental properties participate in the Housing Choice Voucher program, and the Agency has over 6,400 families participating in the program.

Low Rent Public Housing. The Agency's Public Housing Program includes approximately 600 public housing units scattered throughout the City of Fresno. Residents pay 30% of their adjusted gross income to the Agency as rent and HUD subsidizes the balance using a formula which HUD considers adequate to manage and maintain each property.

Public Housing Capital Fund. The Agency administers HUD's Capital Fund Program (CFP) which provides funding for modernization and improvement, new construction, and the development of public housing. Each year HUD establishes a new grant and publishes the amount awarded that can be expended over a period not to exceed four years.

Other Programs:

- CalHFA Section 8 New Construction
- USDA Farm Labor Housing
- Fresno County Emergency Housing
- Permanent Supportive Housing
- Shelter Plus Care
- Mainstream Voucher
- Resident Opportunities and Self Sufficiency
- Affordable Housing
- Low-Income Housing Tax Credit
- Special Needs Assistance
- Homeless Management Information Systems
- Resident Services

Economic Factors Affecting the Agency's Future

The majority of the Agency's funding comes from the U.S. Department of Housing and Urban Development (HUD) in the form of Section 8 housing assistance payments, Public Housing operating subsidies, Capital Fund grants, and other smaller grants. Over the past several years, Congress and the federal government have continued to cut housing subsidies due to changes in budget priorities. These funding reductions continue to have an impact on the Agency's economic position because federal subsidies make up a majority of the Agency's revenue (85% of total operating revenue). In fiscal year 2015, the federal government operated under a Continuing Resolution that expired on December 11, 2014. On that date, the House then passed the Consolidated and Further Continuing Appropriations Act, 2015, to fund the federal government through October 2015. In anticipation of possible sequestration or a reduction in funding, the Authority placed in practice a plan to streamline Agency operations and reduce costs by eliminating non-essential expenditures. While a majority of the HUD funding was restored in 2015, there was, and still is, significant uncertainty about future funding levels. The Agency continues to explore alternative funding options to lessen our federal dependency through development activities and pursuit of other grants; however, HUD will most likely continue to be a major funding source over the foreseeable future.

The Agency has been swift to respond to changes in federal limitations, both programmatically and financially. We have responded by implementing changes designed to reduce costs with the least effect on services. We have been adamant that despite funding cuts, we would continue to maintain housing for existing residents and voucher participants, and in some cases, possibly serve more low-income clients. The Agency has implemented several measures to reduce staffing costs by changing our business practices to gain efficiencies while minimizing reductions in services. As a result, the Agency is better poised to weather additional funding cuts without further capacity reductions.

As we look forward, the near-term forecast for low-income housing programs continues to be unchanged, requiring the Agency to operate with less federal funding while continuing to provide high quality, affordable housing that promotes safe and vibrant communities. While the partial return to normalcy in federal budget and appropriation levels was welcome, it will be short-term unless Congress acts to again moderate the impact of sequestration cuts. With the change in the composition of Congress where Republicans hold a majority in both Houses in 2015, it is unlikely that sequestration will be abandoned all together. More than likely, reductions in non-defense discretionary funding will accelerate in the Republican House and Senate plans that call for further reducing the deficit, and balancing the budget. While the federal budget prospects are uncertain and generally negative for future discretionary domestic spending, including housing programs, politics of both Presidential and Congressional elections in 2016 will ultimately dictate the outcomes for the Federal Budget decisions over the next four years.

While we acknowledge the aforementioned challenges and face these political and economic realities head-on, we remain committed more than ever to our mission of creating and sustaining vibrant communities across Fresno County. Our strategy for accomplishing this includes: developing and maintaining quality affordable housing for low-income individuals throughout the City of Fresno; implementing exceptional programs that invest in our residents;

encouraging partnerships with local, regional and national organizations to build the Fresno community; and generating public will to address the housing needs of low-income individuals. We are confident our strategy will allow us to attain these goals and strengthen the Agency's ability to address the housing and quality-of-life challenges facing Fresno, both now and in the future.

Overview of the Basic Financial Statements

The Agency's Basic Financial Statements consist of the following:

- Financial Statements, including:
 - Statement of Net Position;
 - Statement of Revenues, Expenses and Changes in Net Position, and;
 - Statement of Cash Flows.
- Notes to the Basic Financial Statements
- Supplemental Information

The Agency, like other governmental and quasi-governmental entities, uses fund accounting to ensure and demonstrate compliance with funding-related requirements. The funds are combined in a Proprietary Fund, which is a single "enterprise fund" with "business-type" activities intended to recover all or a portion of their costs through fees and charges for services. The Proprietary Fund presents the activities of the Agency as a whole.

The specific financial activities of the Agency have been presented within the following:

- The Statement of Net Position includes all of the Agency's assets and liabilities, with the difference between the two reported as the net position. Assets and liabilities are presented in the order of liquidity and are classified as "current" (convertible to cash within one year) and "non-current". This statement also provides a basis of measuring the liquidity and financial flexibility of the Agency. Over time, increases or decreases in net position will serve as a useful indicator of whether the Agency's financial health is improving or deteriorating.
- The Statement of Revenues, Expenses, and Changes in Net Position reports the Agency's revenues by source and its expenses by category to substantiate the changes in net position for the year. This statement measures the success of the Agency's operations over the past year.
- The Statement of Cash Flows reports how the Agency's cash was provided and used during the year. It also provides information about the Agency's operating, investing, and financing activities, and can be used to reconcile cash balances at December 31, 2015 and 2014. Fundamentally, this statement shows where cash came from, how cash was used, and what the change in cash was during the year.
- The Notes to Basic Financial Statements provides additional information that is integral
 to a full understanding of the Basic Financial Statements. The Notes to the Basic Financial
 Statements can be found in this report after the Basic Financial Statements.
- Supplemental Information includes the Schedule of Expenditures of Federal Awards,

presented for purposes of additional analysis as required by U.S. Office of Management

 and Budget 2 CFR 200, Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards (Uniform Guidance). It also includes the Financial Data Schedules, which are submitted to HUD's Real Estate Assessment Center (REAC) online system.

Financial Analysis

Statement of Net Position

The purpose of the statement of net position is to give the financial statement readers a snapshot of the fiscal condition of the Agency at a certain point in time. It presents end of the year data for assets, liabilities and net position (assets minus liabilities).

Statement of Net Position is summarized in the table below:

Total assets of the Agency at December 31, 2015 and 2014 amounted to \$94.4 million and \$92.2 million, respectively. The significant components of current assets are cash, short-term investments, and receivables from tenants and related parties. Restricted assets are cash and investments that are restricted for explicit purposes, like federal programs or project-specific

reserves. Capital assets include land, land improvements, leasehold improvements, structures, construction in progress, and equipment. All capital assets except for land and construction in progress are shown net of accumulated depreciation. Other assets include long-term notes receivables, interest receivable, assets held for sale and investments in joint ventures. The principal changes in assets from December 31, 2014 to December 31, 2015 were increases in current assets, specifically in interest receivable, due from other governments and assets held for sale. The changes in interest receivable are attributable to increases in loan activity to related parties. The amount due from other governments includes grant funds from local partners that weren't received by December 31, 2015, but will be received in 2016. Assets held for sale have increase since 2014 as Agency-owned single family assets become available for sale.

Total liabilities of the Agency were \$24.5 million and \$20.1 million at December 31, 2015 and 2014, respectively. Current liabilities include short-term accounts payable, accrued liabilities, current portions of long-term debt, and unearned revenue. Non-current liabilities are primarily made up of the long-term portion of notes and interest payable. Non-current liabilities increased from \$14.6 million in 2014 to \$18.0 million in 2015 due to the new GASB 68 requirements around the accounting and reporting of pension liabilities. Due to these new requirements, the Agency added a \$3.8 million liability to the balance sheet. This liability represents the difference between the Agency's total pension liability and the current plan assets calculated are fair value. See Note 15 in the Notes to the Basic Financial Statements for more information.

Net position represents the Agency's equity, a portion of which is restricted for certain uses. Net position is divided into the following three categories:

- Invested in capital assets, net of related debt and depreciation: Amounts on this line
 are the Agency's equity in land, structures, construction in progress, and equipment, net of
 related capital debt outstanding and accumulated depreciation.
- Restricted net position: These are assets subject to external limitations, and can be based on use, purpose, and/or time.
- **Unrestricted net position:** These resources are available for any use that is lawful and prudent based on the Agency's stated mission, and/or strategic plans.

The Agency's net position decreased by 2% during the year from \$72.1 million in 2014 to \$69.9 million in 2015. The decrease in net position represents an increase in long-term liabilities, which are mostly attributable to the new GASB 68 requirements initiated in 2015.

Statement of Revenues, Expenses and Changes in Net Position

The purpose of the statement of revenues, expenses, and changes in net position is to present the operating and non-operating revenues earned by the Agency, the operating and non-operating expenses incurred, and other gains or losses of the Agency. This statement presents a glimpse into the financial activity that occurred from January 1, 2015 to December 31, 2015.

Operating revenues are the amounts received for providing housing services. This revenue can either come from tenants as rental payments, subsidy from the U.S. Department of Housing and Urban Development (HUD), Developer Fees for development activities, or as grant revenue from

another funding source. Non-operating revenues/expenses are earned/incurred when goods or services are not a part of normal business activity, for example, interest income or interest expense. Operating expenses are those costs incurred to maintain the housing units or to provide other services to our clientele. Capital contributions represent revenues earned from HUD for public housing capital repairs and rehabilitation.

The statement of revenues, expenses and changes in net position, which preceded this section, reflects the year ended December 31, 2015 compared to the year ended December 31, 2014. Overall, operating revenues increased by 1%, or \$387 thousand, from 2014 to 2015; operating expenses also increased by 1%, or \$825 thousand for the year; non-operating revenues increased by \$106 thousand from 2014 to 2015; and capital contributions increased by \$157 thousand from prior year. These changes lead to a total decrease in net position of \$2.2 million from December 31, 2014 to December 31, 2015. Explanations of the primary reasons for these changes are as follows:

- The primary reason for the increase in operating revenue is additional funding from HUD grants received by the Agency.
- Operating expenses increased overall due to strategic investments in administrative costs, including personnel and software. Because of funding reductions in prior years, the Agency had not back-filled several positions across the Agency. Some key positions were added back in 2015 now that funding has stabilized. The Agency also began a strategic effort of upgrading the Agency's software systems in 2015, which will cost approximately \$2 million dollars over the course of three years.

Capital Assets

The table below shows the Agency's capital assets, net of accumulated depreciation and amortization, at December 31, 2015 and December 31, 2014.

	Increase						
		2015 2014		((Decrease)	%	
Land	\$	3,302,163	\$	3,302,163	9	-	0%
Structures		14,757,661		11,682,786		3,074,875	26%

Total capital assets, net	\$	21,375,560	\$	21,950,301	\$	(574,741)	3%

Overall, the Agency's capital assets decreased by \$575 thousand during 2015, primarily resulting from depreciation exceeding capital additions in 2015 See Note 6 in the Notes to the Basic Financial Statements for more information.

Debt Administration

The table below shows the Agency's outstanding debt at December 31, 2015 and 2014. Short term borrowings include inter-fund loans between programs, between the City & County Housing Authorities, or between component units of the Agency. Notes payable- non-related parties include loans and mortgages with external entities. Notes payable- related parties includes loans from joint ventures and Agency-sponsored limited partnership.

			Increa	ise	
	 2015	2014	(Decre	ase)	%
Short term borrowings (Interfund)	\$ 1,834,077	\$ 1,834,077	\$	-	0%
Notes payable- non-related parties	9,984,304	12,063,185	(2,07	8,881)	-17%

Total debt	\$ 18,471,631	\$ 14,934,086	\$ 3,5	37,545	11%

Most significantly, the Notes Payable- Non-Related Parties decreased by \$2.1 million during the year due to the full payment on Line of Credit of \$1.1 million and principal payments to various lenders.

This financial report is designed to provide a general overview of the Agency's finances to demonstrate the Agency's accountability for the money it receives. For questions about this report or requests for additional financial information, please contact the individual below.

(1) Summary of Significant Accounting Policies

(A) General Purpose

The Housing Authority of the City of Fresno, California (the Agency) is responsible for the development and implementation of housing programs and activities for the City of Fresno, California. The Agency provides housing to families under a variety of programs including conventional Low Income Public Housing, Housing Choice Vouchers, Section 42 Low Income Housing Tax Credits, Migrant Services, Farm Labor Housing, Emergency Housing, and others.

(B) Financial Reporting Entity

The Agency was established by a resolution of the Fresno City Council on March 14, 1940. The Agency is governed by a seven-member Board of Commissioners appointed by the Mayor of the City of Fresno, where five members are appointed to four year terms, and two members, also residents of the agency housing programs, are appointed to two year terms.

As required by generally accepted accounting principles, these financial statements present the Agency and any component units. A component unit is an entity for which the primary government is considered to be financially accountable.

- The primary government is considered to be financially accountable for an organization if it appoints a voting majority of that organization's governing body, and (1) if the primary government is able to impose its will on that organization or (2) there is a potential for that organization to provide specific financial benefits to or impose specific financial burdens on the primary government.
- The primary government may also be considered financially accountable for an organization if that organization is fiscally dependent on the primary government (i.e., the organization is unable to approve or modify its budget, levy taxes or set rates/charges, or issue bonded debt without approval from the primary government).
- In certain cases, other organizations are included as component units if the nature and significance of their relationship with the primary government are such that their exclusion would cause the primary government's financial statements to be misleading or incomplete, even though the primary government is not considered financially accountable for that organization under the criteria previously described. A legally separate, tax exempt organization is reported as a component unit if (1) the economic resources received or held by the organization are entirely or almost entirely for the direct benefit of the primary government or its constituents; (2) the primary government is entitled to or has the ability to otherwise access a majority of the economic resources received or held by the organization; and (3) the economic resources received or held by the organization are significant to the primary government.

Component units must be classified as either "blended" or "discrete" in the primary government's financial statements. A component unit is "blended" if the governing boards of the two organizations are substantially the same, or if the component unit provides services entirely or almost entirely to the primary government. Component units that do not meet either of these two criteria are considered "discrete" and are reported only in the government-wide financial statements.

A brief description of the Agency's blended component unit is as follows:

Pacific Gardens Enterprises, Inc. a California Corporation. In 2010, the Agency purchased 100% of the Corporation's outstanding stock. Pacific Gardens Enterprises, Inc. consists of a 56-unit affordable housing project in the City of Fresno. Separate financial statements are not issued for Pacific Gardens Enterprises, Inc.

(C) Basis of Presentation

The basic accounting and reporting entity is a "fund". A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts, recording resources, related liabilities, obligations, reserves and equities segregated for the purpose of carrying out specific activities or attaining certain objectives with special regulations, restrictions or limitations.

The Agency has chosen to report its activity as one fund. The fund of the Agency is considered to be an enterprise fund. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Enterprise funds are also used when the governing body has decided that periodic determination of revenues earned, expenses incurred, or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

(D) Measurement Focus/Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The Agency's operations are accounted for on an economic resources measurement focus using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recorded at the time liabilities are incurred.

When the Agency incurs an expense for which both restricted and unrestricted resources may be used, it is the Agency's policy to use restricted resources first and then unrestricted resources as needed.

(E) Cash and Cash Equivalents

For the purpose of the cash flows, the Agency considers all of its cash and investments, including restricted cash, to be cash and cash equivalents. The Agency considers all of its investments to be highly liquid and, therefore, cash equivalents.

(F) Assets Held for Sale

Several of the Agency's funds administer homeownership programs. Assets held for sale consist of housing units set aside by the Agency for these homeownership programs. These assets are recorded at the Agency's cost to purchase the property or upon entering into a contract for sale, the estimated realizable value, if lower. See note 7 for further discussion.

(G) Capital Assets

The Agency's Board of Commissioners adopted its current Fixed Asset Capitalization Policy in 2013. Capital assets are defined by the Agency as assets with an initial, individual cost of \$5,000 and having an estimated useful life of greater than one year. All purchased capital assets are valued at historical cost. Contributed capital assets are recorded at fair market value at the time received. Interest expense incurred during the development period is capitalized.

Capital assets acquired for proprietary funds are capitalized in the respective funds to which they apply. Depreciation of exhaustible capital assets used by proprietary funds is charged as an expense against operations, and accumulated depreciation is reported on the proprietary funds balance sheet. Depreciation has been provided over the estimated useful lives using the straight-line method of depreciation. Buildings are being depreciated over a useful life of thirty years, modernization costs over ten years, and dwelling and other equipment over five years.

(H) Allowance for Doubtful Accounts

Accounts receivable are stated net of an allowance for doubtful accounts. The Agency estimates an allowance based on an analysis of specific tenants, and landlord participants taking into consideration past due accounts and an assessment of the debtor's general ability to pay.

Notes receivable are stated net of allowance for loans that were made as part of the HOPE VI Revitalization and Hope 3 programs that the Agency has substantial doubt as to their collectability.

(I) Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets, including the interest due on the borrowing (excluding interfund borrowing). Net position is reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

(J) Operating Revenue and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary finds. For the Agency, these revenues are typically rental charges and operating grants. Operating expenses are necessary costs that have been incurred in order to provide the good or service that are the primary activity of the fund. All revenue and expenses not meeting these definitions are reported as non-operating revenue and expenses.

(K) Income Taxes

The Agency is exempt from Federal Income and California Franchise Taxes except for taxable transactions incurred by Pacific Gardens Enterprises, Inc., which is a California

corporation owned and operated by the Agency. The Agency files federal and state tax returns for the corporation.

(L) Grant Restrictions

The Agency has received loans and grants from the U.S. Department of Housing and Urban Development, the U.S. Department of Agriculture, and the California Housing Finance Agency to build and improve housing projects. The grants require that only individuals and families that meet various income, age and employment standards be housed or aided.

Further, if the fund equity of the Agency's U.S. Department of Agriculture program exceeds certain levels, the payments on these notes must be increased.

(M) Use of Estimates

The financial statements are prepared in conformity with accounting principles generally accepted in the United States of America, and accordingly, include amounts that are based on management's best estimates and judgments. Accordingly, actual results differ from the estimates.

(N) Notes Receivable

The accompanying financial statements reflect the recording of certain notes receivable that represent loans made to various parties, including related parties. In certain cases, the amount of collection is dependent upon future residual receipts to be generated by the property or contingent upon the ability of the owner to sell the property at an amount sufficient to pay all liens against the property, including the obligation to the Agency. Where reasonably estimable, an allowance for doubtful accounts has been recorded to reflect management's best estimate of likely losses associated with non-repayment. An estimate of any additional potential losses associated with non-repayment cannot be reasonably estimated at this time.

(O) Defined Benefit Pension Plan

Pensions - For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by Housing Authority of the City of Fresno. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Valuation Date (VD) June 30, 2014 Measurement Date (MD) June 30, 2015

Measurement Period (MP) June 30, 2014 to June 30, 2015

(P) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until that time. The Agency has two items that qualifies for for reporting in this category. Deferred outflows- pension contributions and deferred outflows- actuarial. Both of these items relate to the recording of the pension liability.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Agency has one item that qualifies for reporting in this category. Deferred inflows- actuarial is the net difference between the projected and actual earnings on the Agency's pension plan investments.

(2) Cash and Investments

Cash and investments held by the Agency at December 31, 2015 are classified as follows in the accompanying Statement of Net Position:

 Cash and investments
 \$ 4,735,830

 Restricted cash
 2,916,738

 Total cash and investments
 \$ 7,652,568

Disclosure Related to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity its fair value will be to changes in market interest rates. In accordance with the Agency's Investment Policy, the Agency manages its exposure to interest rate risks by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Disclosures Related to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Although for the year ended December 31, 2015 the Agency did not maintain a significant equity position in investment pool activities, it is the policy of the Agency to invest only in highly rated securities to the extent practicable and where applicable by law.

Concentration of Credit Risk

The investment policy of the Agency contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There are no investments in any one issuer (other than external investment pools) that represent 5% or more of the Agency's total investments.

Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the Agency's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires California banks and savings and loan associations to secure the Agency's deposits not covered by federal deposit insurance by pledging mortgages or government securities as collateral. The market value of mortgages must equal at least 150% of the face value of deposits. The market value of government securities must equal at least 110% of the face value of deposits. Such collateral must be held in the pledging bank's trust department in a separate depository in an account for the Agency.

The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (broker-dealer, etc.) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the Agency's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF).

The Agency executed a "General Depository Agreement" with Bank of the West on September 23, 2009. This agreement states that "any portion of the PHA funds not insured by a Federal insurance organization shall be fully (100%) and continuously collateralized with specific and identifiable U.S. Government or Agency securities prescribed by HUD. Such securities shall be pledged and set aside in accordance with applicable law or Federal regulation."

As of December 31, 2015 \$140,882 of the Agency's deposits held with the California Housing Finance Agency (CHFA) were uncollateralized. This amount is inclusive of tenant security deposits.

Equity in Investment Pool

The Agency's cash and investments are pooled with the Housing Authority of the County of Fresno's cash and investments. Income from the investment of the pooled cash is allocated to each Agency's funds on a monthly basis, based on the average monthly balance of the fund as a percent of the average monthly total pooled cash balance.

(3) Restricted Cash

Restricted cash consists of funds that cannot be disbursed by the Agency unless approval is obtained from another government agency, mortgagor, or restrictions are released.

Cash held by the California Housing Finance Agency (CHFA) can only be used for major repairs or insurance on the associated project and upon receipt of prior written approval from CHFA. Cash held as replacement reserves for the USDA projects cannot be disbursed without the approval of the USDA Rural Economic and Community Development. The funds held by CHFA, excess HAP funds and the funds held for the replacement of the USDA program projects are also reported as restricted net assets. The amounts held by the Agency on behalf of program participants, tenants and for future HAP payments not yet taken as revenue are also reported as payable from restricted assets. Details of restricted cash are as follows:

			In Restricted Net Assets
Cash restricted for:			
HAP funding	\$ 1,723,446	\$ -	\$ 1,723,446
USDA project reserves	455,430	-	455,430

Flexible benefits	18,240		18,240
	\$ 2,916,738	\$ 270,366	\$ 2,646,373

(4) Accounts Receivable

The Agency's accounts receivable consist of related party receivables, grant program receivables, overpayment to landlords and tenant rent receivables. Accounts receivables are carried at amortized costs, net of allowance for doubtful accounts. Provisions for losses are charged to operations in amounts sufficient to maintain an allowance for losses at a level considered adequate to cover probable losses inherent to The Agency's accounts receivable. The allowance for losses is based on management's evaluation of the collectability of the receivables and historical loss experience.

Accounts receivable as of December 31, 2015 consist of the following:

Related parties for short-term activities	\$	74,983
Due from grantors		120,628

Locally Held Soft Second Mortgages

During 2009 the Agency began selling homes developed using its HOPE VI revitalization grant, the Sierra Pointe development. The homes were sold to low-income, first-time homebuyers and financed with mortgages provided by the HRFC, a joint venture of the Agency.

The HOPE VI program also carries secondary loans on each of the units that were sold. These secondary loans, totaling \$2,395,568 are deferred for 30 years. Since the secondary loans are deferred for 30 years, the Agency has estimated an allowance equal to the amounts of the loans for \$2,395,568.

Both the primary and secondary loans become due upon transfer or sale of the unit and may be assumed by a qualified buyer, subject to approval by the Agency. The HOPE 3 program carried loans similar to those described above for the HOPE VI program. These secondary loans, totaling \$109,464 are deferred for 30 years. Since the secondary loans are deferred for 30 years, the Agency has estimated an allowance equal to the amounts of the loans for \$109,464.

Both the primary and secondary loans become due upon transfer or sale of the unit and may be assumed by a qualified buyer, subject to approval by the Agency.

First Time Home Buyer Program

The Agency administers a first time home buyer program, originally funded by HUD, utilizing a HOPE 3 grant. Under this program, the Agency developed properties for the purpose of selling them to qualified low and moderate income families. These loans accrue no interest unless the borrower defaults on the loan, in which case the loan accrues interest at a rate of ten percent per annum. No payment is due on the loan unless the borrower sells or transfers the property or any interest therein. These notes hold their value for six years from date of execution and thereafter are forgiven on a monthly basis through the twentieth year from the date of execution. As of December 31, 2015, \$109,464 of these loans is outstanding. Since these loans are intended to be forgiven and not collected, the Agency has recorded an allowance for doubtful accounts equal to the principal amount of the loans.

City of Clovis

The Agency has purchased a \$500,000 subordinate, multifamily housing revenue bond for the Silver Ridge at Clovis Project. The bond was purchased with homebuyer reserve proceeds. The proceeds of the bond were used to develop an apartment complex for seniors in the City of Clovis. The bond matures September 1, 2040 and accrues interest at a rate of 1% per annum.

Annual principal and interest payments depend on the residual cash flows of this future tax credit project. The availability of these cash flows to make future payments is unknown. No payments have been received on this loan. The outstanding principal and interest balances due at December 31, 2015 are \$500,000 and \$72,500, respectively.

Fresno Canyon Springs, LP

The Agency has loaned \$500,000 to Fresno Canyon Springs, LP, a California limited partnership. This loan was made using homebuyer reserve proceeds. The funds were used to finance the construction of a twenty-eight unit, affordable housing, tax credit project. The loan is amortized over thirty years, matures January 12, 2033, and carries a simple interest rate of 4% per annum. Payments on this loan are due only if the project generates residual receipts. No payments have been received on this loan. The outstanding principal and interest balances due at December 31, 2015 are \$500,000 and \$261,370, respectively.

U.S. Department of Agriculture Notes

The Agency entered into two notes with the United States Department of Agriculture Farmer Homes Administration under the Farm Labor Housing Union Loan program. In accordance with the notes, the Agency used the funds for the acquisition and development of four multi-unit rental housing developments. The notes accrue interest at 1% per annum. The notes mature on April 2, 2033. At December 31, 2015 the outstanding balance for the notes is \$508,200.

Garland Gardens

The Agency entered into a note with the California Housing Finance Agency (CHFA) on July 1, 1979 for \$2,406,600. The note accrues interest of 9.34% per annum, requires a monthly payment of \$19,196, and matures on January 1, 2021. At December 31, 2015 the outstanding balance is \$917,446.

HELP Program

The Agency has entered into loan agreements with the California Housing Finance Agency (CHFA). The purpose of the first loan is to establish a revolving source of funds to finance the acquisition, demolition and construction/rehabilitation costs for an infill and substandard single-family housing program. The purpose of the second loan is to establish a revolving loan fund to assist with the development of ownership housing. During 2015, the Agency paid \$634,172 of which \$598,952 and \$35,220 were applied to accrued interest and principal, respectively. As of December 31, 2015 the outstanding principal balance is \$671,789.

City of Fresno NSP notes

In October 2009, the Agency entered into an agreement with the City of Fresno to administer the Neighborhood Stabilization Program (NSP), a federal program that is being funded by HUD. The City of Fresno agreed to loan the Agency up to \$5,000,000 to purchase foreclosed homes through public auction, renovate the homes, and sell them to qualified low or moderate income families. The Agency is responsible for executing the loans with the buyers. As the loans are repaid the Agency is to reimburse the City of Fresno. Because the dates of repayment will vary based on the affordability of each family, the annual amounts due to the City of Fresno are unknown; therefore, this note has not been included in schedule of debt payment requirements. As of December 31, 2015 the outstanding balance is \$44,441.

In March 2013, the Agency entered into a Loan Agreement with the City of Fresno for \$1,800,000 to administer the Neighborhood Stabilization Program, a federal program funded by HUD. This loan is intended for the construction, rehabilitation, and/or preservation of project units and affordable housing units. In March 2014, an Amendment to the Agreement was made to increase the loan amount to \$3,000,000. This note carries a 2% simple annual interest rate. Current payment terms are based upon residual cash flow of the properties being funded with principal and interest payable 30 years from origination date. As of December 31, 2015, the current outstanding balance of this note is \$3,000,036.

Mortgages

On January 14, 2004, the Agency borrowed \$5,000,000 from the Bank of the West, with the purpose of refinancing the debt on three apartment complexes: El Cortez Apartments, Dayton Square, and Woodside Apartments. Each of the three loans is secured by a different apartment complex. On March 20, 2014, the three mortgages were re-financed at 4.25% and set to mature on January 5, 2024. As of December 31, 2015 the balances are the following:

	Principal	Monthly Payment	Due within one year

On October 1, 2006 the Agency obtained a loan from HRFC for the purchase of the property at 3129 E. Townsend properties for \$98,097. The note bears no interest and the principal is payable upon sale of property. This property is currently in Assets Held for Sale.

On August 28, 2013, the Board approved a \$1.25 million loan from HRFC for the San Ramon Court project for the rehabilitation of 32 multi-family housing units located at 1328 and 1346 E. San Ramon, Fresno. The note bears a simple interest of 4.0% per annum with a maturity date of August 27, 2068. Payment shall be from residual receipts of the property. As of December 31, 2015, the total outstanding loan balance is \$1,083,412.

Family Self Sufficiency

The Family Self Sufficiency (FSS) program provides supportive services that enable participating low and moderate income families to achieve economic independence and self-sufficiency. The Agency contracts with each participating family to set aside funds in an interest-bearing account until that family can afford to pay its entire monthly rent without assistance from the Agency. Upon successful completion of the program requirements, those funds are disbursed to the family. The Agency's liability to FSS participants at December 31, 2015 total \$5,994.

Compensated Absences Payable

It is the Agency's policy to permit employees to accumulate earned but unused vacation leave, which will be paid to employees upon separation from the Agency's service or used in future periods. The Agency permits employees to accumulate earned but unused sick leave which will be used in future periods, paid to the employee upon termination, or paid to the employee upon retirement. Upon termination employees are paid 25% of the value of their unused sick leave, except for the Executive Director who is entitled to 100% of the value of his sick leave upon

request. Upon retirement, employees are paid 50% of the value of their unused sick leave. As of December 31, 2015, accrued vacation and vested sick leave have been valued by the Agency at \$457,170.

The plan, available to all permanent employees, permits them to defer a portion of their current salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income

attributable to those amounts, property, or rights are held in trust for the exclusive benefit of participants and their beneficiaries.

The Agency maintains two plans which are administered by Mass Mutual and the California Public Employees' Retirement System. These funds are not recorded as assets of the Authorities since they are held in trust for the exclusive benefit of participants and their beneficiaries and are not subject to claims of the Agency's general creditors.

(15) Defined Benefit Pension Plan

Plan Descriptions All qualified permanent and probationary employees are eligible to participate in the Local Government's Miscellaneous Plans, agent multiple-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and Local Government resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Plan's Major Benefit Options

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment.

Counts of members included in the valuation are counts of the records processed by the valuation. Multiple records may exist for those who have service in more than one valuation group. This does not result in double counting of liabilities.

Average Annual Benefits represents benefit amounts payable by this plan only. Some members may have service with another agency and would therefore have a larger total benefit than would be included as part of the average shown here.

Contribution Description

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended. It is the responsibility of the employer to make necessary accounting adjustments to reflect the impact due to any Employer-Paid Member Contributions or situations where members are paying a portion of the employer contribution.

For the measurement period ending June 30, 2015 (the measurement date), the average active employee contribution rate is 6.25 percent of annual pay, and the average employer's contribution rate is 7.507 percent of annual payroll. Employer contribution rates may change if plan contracts are amended. It is the responsibility of the employer to make necessary accounting adjustments to reflect the impact due to any Employer Paid Member Contributions or situations where members are paying a portion of the employer contribution.

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

The June 30, 2014 valuation was rolled forward to determine the June 30, 2015 total pension liability, based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal in accordance with the requirements of GASB 68
Amortization Method/Period	For details, see June 30, 2012 Funding Valuation Report
Actuarial Assumptions	
Discount Rate	7.65%
Inflation	2.75%
Salary Increases	Varies by Entry Age and Service
Payroll Growth	3%
Investment Rate of Return	7.65% Net of Pension Plan Investment Expenses,
	includes Inflation
Retirement Age	The probabilities of Retirement are based on the 2010
	CalPERS Experience Study for the Period from 1997 to
	2007.
Mortality Rate Table ¹	The probabilities of mortality are based on the 2010
	CalPERS Experience Study for the period from 1997 to
	2007. Pre-retirement and Post-retirement mortality rates
	include 5 years of projected mortality improvement
	using Scale AA published by the Society of Actuaries.
Post Retirement Benefit Increase	Contract COLA up to 2.75% until Purchasing Power
	Protection Allowance Floor on Purchasing Power
	applies, 2.75% thereafter

¹ The mortality table used was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2014 experience study report.

All other actuarial assumptions used in the June 30, 2014 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website under Forms and Publications.

Change of Assumptions

GASB 68, paragraph 68 states that the long long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.50 percent used for the June 30, 2014 measurement date was net of administrative expenses. The discount rate of 7.65 percent used for the June 30, 2015 measurement date is without reduction of pension plan administrative expense.

Discount Rate

The discount rate used to measure the total pension liability was 7.65 percent. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS

stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing of the plans, the tests revealed the assets would not run out. Therefore, the current 7.65 percent discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.65 percent is applied to all plans in the Public Employees Retirement Fund. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS' website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and long-term market return expectations as well as the expected pension fund (Public Employees' Retirement Fund) cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. The target allocation shown was adopted by the Board effective on July 1, 2014.

Asset Class	Current	Real Return	Real Return
	Target	Years 1 – 10	Years 11 ²

Recognition of Gains and Losses

Under GASB 68, gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time.

The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense.

The amortization period differs depending on the source of the gain or loss:

Difference between projected and	5 year straight-line amortization
actual earnings on investments	
All other amounts	Straight-line amortization over the average expected
	remaining service lives of all members that are provided
	with benefits (active, inactive, and retired) as of the
	beginning of the measurement period

Expected Average Remaining Service Lifetime (EARSL)

The expected average remaining service lifetime (EARSL) is calculated by dividing the total future service years by the total number of plan participants (active, inactive, and retired). Note that inactive employees and retirees have remaining service lifetimes equal to 0. Also note that total future service is based on the members' probability of decrementing due to an event other than receiving a cash refund.

The EARSL for the Plan for the June 30, 2015 measurement date is 4.1 years, which was obtained by dividing the total service years of 1,169 (the sum of remaining service lifetimes of the active employees) by 285 (the total number of participants: active, inactive, and retired). Note that inactive employees and retirees have remaining service lifetimes equal to 0. Also note that total future service is based on the members' probability of decrementing due to an event other than receiving a cash refund.

Deferred Outflows and Deferred Inflows of Resources

As of June 30, 2015, the Housing Authority of the City of Fresno has deferred outflows and deferred inflows of resources related to pensions listed below. Contributions subsequent to the measurement date are also shown as a Deferred Outflow of Resources.

	Deferred Outflows of Resources	Deferred inflows of Resources
Changes of Assumptions	\$ -	\$ (386,734)
Differences between Expected and Actual	Ψ	Ψ (300,731)

Pension expense for the current year is \$1,848,048.

The \$286,907 in pension payments between June 30 and December 31, 2015, reported as deferred outflows of resources related to employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended December 31, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

(16) Insurance Coverage

HARRP

The Agency is a member of the Housing Authority Risk Retention Pool (HARRP). HARRP was established by public housing authorities participating in an intergovernmental cooperation agreement pursuant to specific statutes in Oregon, Washington, California and Nevada for the purpose of operating and maintaining a cooperative program of risk management and loss indemnification. HARRP offers property, general, automobile, fidelity, and officers' liability insurance to participants. Membership was comprised of approximately 90 public housing authorities at December 31, 2014. The relationship between the Agency and HARRP is such that HARRP is not a component unit of the Agency for financial reporting purposes.

The Agency's insurance expense was \$314,550 for the year ended December 31, 2015. The loss limits for the various types of insurance are follows: \$2,000,000 for property with a deductible per occurrence of \$10,000; \$2,000,000 for general liability with no deductible; \$2,000,000 for automobile, including losses arising from the use of a non-owned covered automobile; \$100,000 for employee dishonesty and forgery and alteration with a \$1,000 deductible; \$10,000 for theft with a \$1,000 deductible; and \$2,000,000 for errors and omissions with a 10% co-pay.

This activity related to risk management is also accounted for in the Housing Self Insurance Corporation (HSIC), a joint venture of the Agency. HSIC records an expense when it pays for repairs to the Agency's properties when incurred. HSIC records revenue when it receives payment from the Agency for insurance premiums recorded as expense by the Agency.

California Housing Worker's Compensation Authority

The Agency is insured for workers' compensation claims by the California Housing Workers' Compensation Authority (CHWCA). Under this program, the pool provides up to \$550,000 workers' compensation coverage and \$550,000 employer's liability coverage. CHWCA also provides excess workers' compensation coverage with the following limits: The Agency is insured for Statutory Workers' Compensation by the Safety National Casualty Corporation. The pool provides up to \$5,000,000 per occurrence.

(18) Other Related Parties

Better Opportunities Builders, Inc.

The Executive Director of the Agency serves as the Secretary-Treasurer of Better Opportunities Builders, Inc. (BOB). The Agency's Chief Financial Officer serves as the Chief Executive Officer of BOB. One of the Agency's Commissioners serves on the Board of Directors of BOB. The remaining Board of Directors selected by other affiliated agencies. BOB has agreed to be the managing general partner in several low income housing projects within the City of Fresno.

BOB maintains its own administrative staff. The salaries of this staff are paid through the Agency's payroll system. The Agency also provides management and bookkeeping services for BOB. BOB reimburses the Agency on a monthly basis for these costs.

Housing Authority of the County of Fresno

The Housing Authority of the County of Fresno was established by a resolution of the Fresno County Board of Supervisors on February 5, 1946. The Authority is governed by a seven-member Board of Commissioners who are appointed to four year terms by the County Board of Supervisors, reports on a calendar year, and has issued separate financial and compliance audits for 2014. The County and City Housing Authorities operate and report separately while sharing the same management team and staff. All significant related party transactions have been appropriately identified in the accompanying financial statements.

The budget document for the jointly managed operations is approved by both Boards. If one Board amends budgetary data subject to its jurisdiction, executive staff of the Authorities amends the joint budget as necessary to accommodate such changes. Although each Board takes action to approve its portion of the budget, the budget adoption process reflects considerable interplay between the two Boards and is essentially a single process managed by the shared management and staff of the two Authorities.

(19) Interfund and Interagency Activity

The following is a summary of changes in Interfund loans as of December 31, 2015:

	Balance 12/31/14	Additions/ Deletions	Balance 12/31/15	Due within One Year
Receivables:				
City RF from NSP	\$ 1,128,277	\$ -	\$ 1,128,277	\$ 1,128,277
City RF from El Cortez	205,800	-	205,800	-
City RF from P&CD	500,000		500,000	
Total Receivables	\$ 1,834,077	<u> </u>	\$ 1,834,077	\$ 1,128,277
Payables:				
City RF from NSP	\$ 1,128,277	\$ -	\$ 1,128,277	\$ 1,128,277
City RF from El Cortez	205,800	-	205,800	-

Total Payables	\$ 1,834,077	<u> </u>	\$ 1,834,077	\$ 1,128,277

The Agency has made various Interfund loans. Interfund balances have been eliminated in the Statement of Net Assets. One loan carries no interest. Those loans that accrue interest are as follows:

On May 28, 2008, the Agency approved a loan of \$500,000 from the Relinquished Fund (RF) to the Planning and Community Development (P&CD) Fund. This loan carries an interest rate of 3% per annum. The outstanding balance of the loan and accrued interest at December 31, 2015 is \$500,000 and \$80,885 respectively.

(20) Contingent Liabilities

A. Grants

The Agency has received funds from various federal, state, and local grant programs. It is possible that at some future date it may be determined that the Agency was not in compliance with applicable grant requirements. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although management does not expect such disallowed amounts, if any, to materially affect the financial statements.

B. Pending Litigation

In the normal course of operations, the Agency may become a defendant in various litigation disputes. In the opinion of management and counsel, the outcome of current litigation not already accrued as a liability, is not expected to materially or adversely affect the financial position of the Agency.

C. Guarantees

The Agency has made certain guarantees with regards to the completion of development projects, including repayment of construction loans and tax credit delivery. On these development projects, the Agency has also made guarantees with regards to operating deficits for defined periods beyond stabilization of the property. In addition, the Agency has indemnified Silvercrest, Inc. and Better Opportunities Builder, Inc. related to general partner and developer obligations.

D. HUD Guaranteed Debt

In 1999, HUD directed the Agency to remove all HUD guaranteed debt from their financial statements. These HUD-guaranteed notes and bonds have not been forgiven by HUD. However, the Public Housing Programs' Annual Contributions Contract (ACC) states that all debt service requirements related to these notes will be HUD's responsibility. It is therefore management's opinion, that the Agency is not currently liable for these notes as long as the federal government continues to honor the ACC. Accordingly, the accompanying financial statements have not been adjusted to reflect any related loss contingency.

E. Pension Liability

The Agency is currently researching a potential liability for additional pension expense. Currently details are not clearly defined, and the range of exposure, if any, has not been determined.

(21) Restricted Net Position

Net position is reported as restricted when constraints placed on the net position uses are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation and/or imposed time restrictions. The Agency has reported the following as restricted net position:

Externally required restrictions:

Housing Assistance Payments	\$	1,723,446
Affordable Housing		455,430
USDA projects		320,000
California Housing Finance Agency (CHFA)		129,257
Other		18,240
Total	\$ 2	2,646,373

(22) Prior Year Restatement

During the year ended December 31, 2015, the Agency made certain adjustments to beginning equity as a result of a material reclassification of notes payable and other immaterial audit adjustments.

The following schedule summarizes the effect of these restatements:

Net Position at Beginning of Year, as Restated	\$ (69,261,006

Notes to Schedule:

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes which occurred after the June 30, 2014 valuation date. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes of Assumptions: The discount rate was changed from 7.5 percent (net of administrative expense) to 7.65 percent.

¹ Covered-Employee Payroll presented above is based on pensionable earnings provided by the employer. However, GASB 68 defines covered-employee payroll as the total payroll of employees that are provided pensions through the pension plan. Accordingly, if pensionable earnings are different than total earnings for covered-employees, the employer should display in the disclosure footnotes the payroll based on total earnings for the covered group and recalculate the required payroll-related ratios.

- As prescribed in GASB 68, paragraph 46, the information presented in the Schedule of Plan Contributions should also be determined as of the employer's most recent fiscal year-end. The employer is responsible for determining this information as prescribed by the standard as this data is not available to CalPERS.
- Employers are assumed to make contributions equal to the actuarially determined contributions. However, some employers may choose to make additional contributions towards their unfunded liability. Employer contributions for such plans exceed the actuarially determined contributions.
- Covered-Employee Payroll presented above is based on pensionable earnings provided by the employer. However, GASB 68 defines covered-employee payroll as the total payroll of employees that are provided pensions through the pension plan. Accordingly, if pensionable earnings are different than total earnings for covered-employees, the employer should display in the disclosure footnotes the payroll based on total earnings for the covered group and recalculate the required payroll-related ratios.
- Payroll from prior year \$4,727,670 was assumed to increase by 3.00 percent payroll growth assumption.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Independent Auditor's Report

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Housing Authority of the City of Fresno (Agency), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated September 16, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is defined to be a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Commissioners Housing Authority of the City of Fresno Page Two

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Agency's Response to Finding

The Agency's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Agency's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance For Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

Independent Auditor's Report

Report on Compliance for Each Major Program

We have audited the Housing Authority of the City of Fresno's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Agency's major federal programs for the year ended December 31, 2015. The Agency's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Agency's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Agency's compliance.

Board of Commissioners Housing Authority of the City of Fresno Page two

Opinion on Each Major Federal Program

In our opinion, the Agency complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2015.

Report on Internal Control Over Compliance

Management of the Agency is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Agency's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is defined to be a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the basic financial statements of the Agency as of and for the year ended December 31, 2015, and have issued our report thereon dated September 16, 2016. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

HOUSING AUTHORITY OF THE CITY OF FRESNO NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED DECEMBER 31, 2015

(1) <u>Summary of Significant Accounting Policies Applicable to the Schedule of Expenditures of</u> Federal Awards

(a) Scope of Presentation

The accompanying schedule presents only the expenditures incurred (and related awards received) by the Housing Authority of the City of Fresno (Agency) that are reimbursable under federal programs of federal agencies providing financial assistance. For the purposes of this schedule, financial assistance includes both federal financial assistance received directly from a federal agency, as well as federal funds received indirectly by the Authority from a non-federal agency or other organization. Only the portions of program expenditures reimbursable with such federal funds are reported in the accompanying schedule. Program expenditures in excess of the maximum federal reimbursement authorized or the portion of the program expenditures that were funded with state, local or other nonfederal funds are excluded from the accompanying schedule.

(b) Basis of Accounting

The expenditures included in the accompanying schedule were reported on a regulatory basis in accordance with the U.S. Department of Housing and Urban Development (HUD). Expenditures are recognized in the accounting period in which the related liability is incurred. Expenditures reported included any property or equipment acquisitions incurred under the federal program.

(c) Subrecipients

During the fiscal year ended December 31, 2015, the Authority disbursed no federal funds to subrecipients.

(d) U.S. Department of Agriculture Notes

The Agency entered into two notes with the United States Department of Agriculture Farmer Homes Administration under the Farm Labor Housing Union Loan program. In accordance with the notes the Authority used the funds for the acquisition and development of four multi-unit rental housing developments. The notes accrue interest at 1% per annum. The notes mature at various dates which began on January 6, 2014 and ending on April 2, 2035. At December 31, 2015 the outstanding balance for the notes is \$508,199.

(e) Neighborhood Stabilization Program Loan

In March 2013, Agency entered into a Loan Agreement with the City of Fresno to administer the Neighborhood Stabilization Program, a federal program funded by HUD. This loan is intended for the construction, rehabilitation, and/or preservation of project units and affordable housing units. This note carries a 2% simple annual interest rate. Current payment terms are based upon residual cash flow of the properties being funded with principal and interest payable 30 years from origination date. As of December 31, 2015, the current outstanding balance of this note is \$3,000,036.
