What is a rent adjustment?

A rent adjustment is a formal request to increase or decrease the existing contract rent. The owner/agent can request that the contract rent be increased or decreased. The following steps must take place before the request can be approved:

- The owner/agent must submit a COMPLETED Rent Adjustment form to the Housing Authority (HA).
- The unit must have passed Housing Quality Standard inspection within the last twelve months.
- The effective date of the change will be the first day of the month. Effective dates cannot fall in the middle of a month. Example: 60 day notice served December 10, 2018; effective 02/10/2019; rent adjustment effective date will be 03/01/2019.
- In order for the rent adjustment to be effective in a timely manner, the Housing Authority must receive the documents within
 10 business days from the date notice was served to the tenant.

What happens when my rent adjustment is disapproved?

If the request is disapproved, <u>ALL</u> documents will be returned to you with a letter stating why the increase was disapproved. Here are a few reasons why the request would be disapproved:

- The Rent Adjustment form was turned in without a 60-day notice, or the 60-day notice is turned in without the form.
- The unit has not passed a HQS inspection within the past 12 months.
- The Rent Adjustment form is incomplete, i.e. not all boxes are complete, missing signature, etc.
- The tenant is in the transfer process or moved completely from the unit.
- The unit is at maximum rent based on comparable units within the area and the rent cannot be negotiated.
- The tenant has lived in unit for less than one (1) year.
